Movin' on down the tracks, the spirit at Broome High School keeps on growing.

In the short period of time that BHS has been in existence, its spirit has developed in stages from infancy into adolescence. As this year began, there was a certain stirring of continued growth in the air. Everyone could see that we were settling into our role as one of the greatest schools in the state of South Carolina.

The students began to pull together for the same thing . . . ACCEPTANCE. But the thing that made it unique was the fact that not only were the students pulling for the school; so were the teachers, administration, parents and community.

With all these people behind us, how could we be stopped!

One of the first things to be noticed about our new spirit was the student-teacher relationships. All of the faculty seemed to be enthused about their students and everyone became more involved in school activities.

Movin' On..

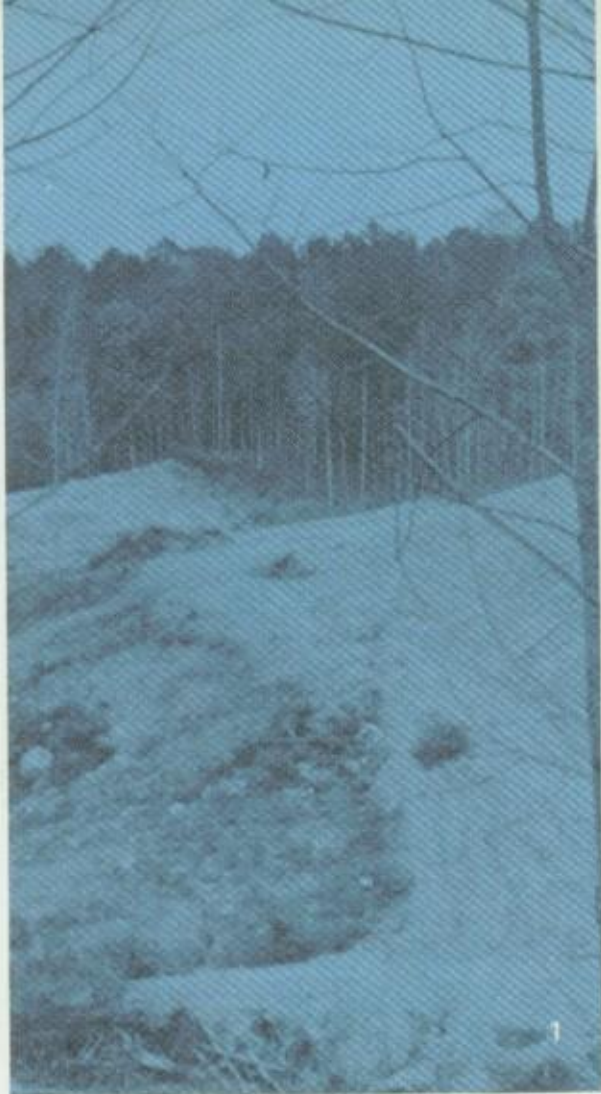

The most important aspect of our school spirit was development of the supporting spirit for our athletic programs. We showed our teams we were behind them and they reciprocated by giving us teams to be proud of.

Spirit depends on enthusiasm and participation in both sports and learning. When the spirit of learning, participation and support all began to work together, then Broome High School found that its spirit had truly matured.

1. Robin Parris, studying in the library.
2. Chris Mathis enjoyed participating on Tacky Day.
3. Ms. Coker's senior English class, always a challenge.

4. The sophomore class really shows its spirit.
5. Valerie Porter gives a big yell for B.H.S.
6. I am in the fog — but isn't everyone?

7. Coach Stewart attempts to put down Ms. Varney in their arm wrestling match.
8. Ms. Haughay goes all out on Tacky Day.

Movin' on down the tracks, the community around Broome High School keeps on growing.

Building, improving, and progressing — there are many factors concerning the continued growth of district #3. Consolidation has been one major influence on growth. Housing developments have sprung up around B.H.S. and many more are being planned.

Travel distance and time has always

...Down...

presented a problem to Broome's Pacolet students. To alliviate these drawbacks, a new and larger bridge was built in the Glendale area. The bridge is a two lane rather than a single lane as the old bridge was.

Two new elementary schools are also being built in district #3. One will be located in Cowpens, while the other will be in the Glendale-Clifton area. These schools will also be factors in new housing developments being erected. Recreation plays an important role in community life and helps to influence people to move into the area. Cowpens citizens enjoyed an old-fashioned celebration of Mighty-Moo Day. Pacolet residents will be able to enjoy a new golf course in the southern section of Spartanburg County.

Growth can be found in business expansion. Collins-Aikman enlarged their plant, Buice & Sons catering service was built in Cannon's and new warehouses have been built throughout the district. Medical services have been improved — the Pacolet Medical Center was dedicated and Cowpens is waiting for its first dentist.

Continual growth is a challenge for district #3. As long as the district offers a quality education, industries and services will expand; therefore, more people will want to reside in district #3. Community growth does play an important role in Broome High's continued growth.

Movin' on down the tracks, Broome High School
keeps on growing.

There has been progress in the spirit at Broome and
in the community, but the progress that stands out
the most is that which can be seen around the school,
itself.

David Eubanks was hired as the new principal for
B.H.S. He turned out to be a man of fresh new
thoughts and ideas.

Also, added to the staff at Broome was Mr. Dalton
Rivers. Coach Rivers, who was previously the athletic
director for Byrnes High School, did a great deal for
the athletic program at Broome. He led our football
team to an outstanding 6-3-1 season.

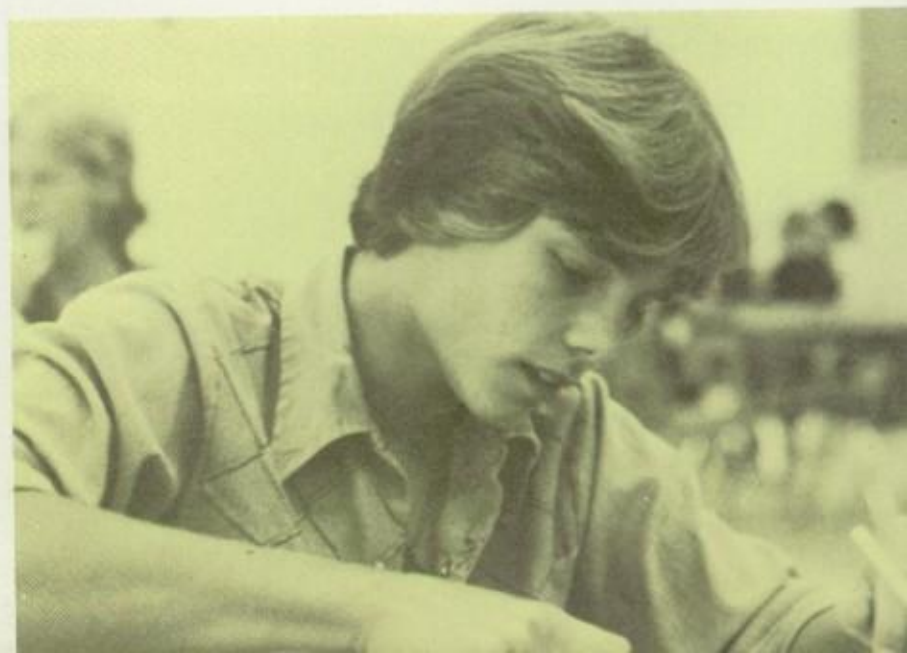

Athletics have also been improved to accommodate those who
don't normally participate in team sports. This year Broome
students had their first chance to take part in an intramural
program. The organizer of the intramural program, Coach
Smallen, is also a new staff member.

There were also two other new items at Broome that benefited
the athletic program. The district bought two new activity buses
and also had the new tennis courts installed. The tennis courts
can accommodate six games at one time.

Many new courses that were added to the curriculum were —
gymnastics, creative writing, developmental reading, calculus,
Biology II, and western civilization.

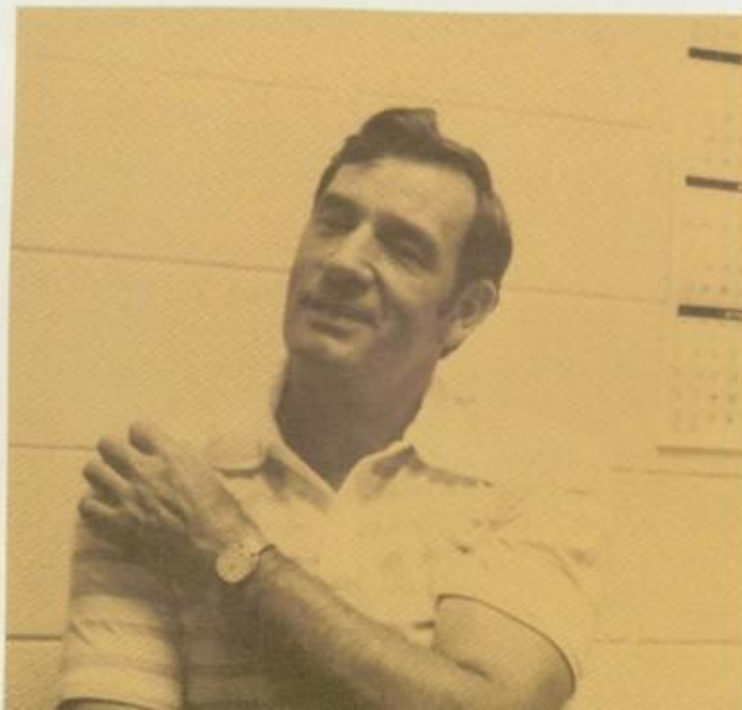

The science department has been added on to by the purchase
of new microscopes, a laser beam, and lots of new equipment
for the lab. The math department was given a computer
calculator that can do almost anything that Mr. Shoneke can
do. Electric typewriters were acquired for the commercial
department.

The lunch room at B.H.S. saw 1977-78 as a year of progress
and change also. This year initiated the policy of having two
lunch lines, so the students can choose between a junk line and
a regular meal line.

- 1 Louisa Keller practices gymnastics
- 2 Chip Edge enjoys new lunch program
- 3 Sophomores fill the hallways

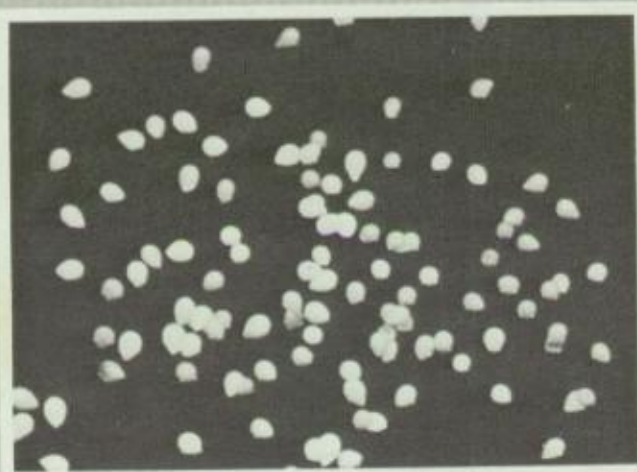

- 4 David Eubanks, new principal
- 5 Jackie Mitchell enjoys the new tennis courts
- 6 The new Activity Bus
- 7 Dalton Rivers, the new Athletic Director

LOOKS LIKE WE MADE IT

1. Cheryl McGaha really decked out for TACKY DAY.
2. Homecoming Queen Kim Guyton smiles at her sponsor, Greg LeMaster.
3. The dragon, unsure of his fate, hangs in the entrance of Broome throughout Homecoming week.
4. Steve Bright shows his surprise at being chosen Homecoming King. Steve was sponsored by Senior Chris Mathis.
5. Cecelia Benz, Annette Hutchins and Tonda Byars can't keep their minds on English as time for the Powderpuff game draws near.
6. Andrea Worthy shines with happiness as her school spirit comes through on TACKY DAY.
7. The winning door is decorated on Tuesday before the grand prize is awarded at the Pep Rally, Friday.
8. Second Runner-up, Miss Rene Daniel, sponsored by Ernie Dillard, escorted by David Dillard.
9. Homecoming Queen for 1977, Miss Kim Guyton sponsored by Greg LeMaster, escorted by Jocko Hatchette.
10. First Runner-up, Miss Shirley Draper, sponsored by Lee Haney, escorted by Coleman Byars.

1. Candidates Chris Mathis and Sandy Morgan find something extremely interesting.
2. Candidates Rosiland Dawkins and Linda Dillard wait patiently for halftime.
3. Candidate Kim Coyle cheers for her favorite team.
4. The bonfire given on Tuesday promoted a lot of school spirit.
5. David Dillard and Philbert Smith dressed as foxy cheerleaders for the powderpuff game.
6. Mr. Butch Rhoads helped a great deal throughout the Homecoming week.
7. Chuckie Thrower litterally "GETS DOWN" Homecoming dance.
8. Candidates Vertie Palmer and Wanda Porter seem concerned for their team.

Ideas were being suggested and discarded by the Student Council of Broome High School for the long awaited Homecoming week. Three weeks before the big event, the members of the student council worked diligently to make a Homecoming that would be always remembered by the students of B.H.S. The arrival of homecoming began on Monday, October 10. Each day brought a new and exciting picture of student life at Broome. "LOOKS LIKE WE MADE IT," was chosen as the theme for the entire week. Monday morning, spirit chains went on sale, and door decorations got underway. Homerooms with the longest spirit chains and best looking door would receive a grand prize. With this thought in mind, the students pitched in and worked very hard with a competitive, but spirited quality.

Tuesday was the date set for the first annual powderpuff football game and bonfire. The seniors fought a tough battle and came out on top over the underclassmen with a victorious score of 12-0. After the game, everyone assembled at the far end of the studnet parking lot for the bonfire. The cheerleaders, accompanied by the pep band, cheered and played in hopes that the Centurions would slay the York Green Dragons in the Homecoming game Friday night.

HOMECOMING '77 BOOSTS SCHOOL SPIRIT AND STUDENT MORALE

Tacky Day rolled around Wednesday. It was plain to see that Broome High students were very creative and imaginative. There was a variety of characters ranging from Raggedy Ann and Andy to a country square dancer.

Happiness was in the air that day because it gave the students and faculty a chance to come dressed as they wanted to.

Thursday rocketted off at 10:45 with a student body assembly. Under the direction of Mr. Bailey, the Broome Singers gave a beautiful presentation of the theme song, "Looks Like We Made It." Homecoming candidates and their sponsors were introduced to the student body. During fifth period, the students circled their choice for Queen by ballot vote.

At last, Friday made the scene at B.H.S. Faculty members and the

student body were tied up in knots of anticipation and nervousness. Friday was blue, white, and gold day. The students wore clothes that signified Broome's colors. Everything was hectic around Broome. Props had to be made for halftime festivities at the game and the cafeteria had to be decorated in one hour for the dance proceeding the game.

The school day ended with an enthusiastic and spirited pep rally. At this time, the winner of the door decoration — Mrs. Coker's homeroom and the winner of the spirit chain — Mr. Owen's homeroom, was announced. The 3:00 bell rang and everyone left talking and asking the same two questions that was on every students mind: who is going to win, Broome or York? Who is going to be B.H.S.'s 1977 Homecoming Queen? 8:00. Kick off time. It was a cool, clear night at Broome High Stadium. The stands were filled with fans who had come out to support their teams. During the first half, the Centurions led all the way. The halftime score was Centurions 25 ... York 6. The halftime activities began with an introduction of all the homecoming candidates, their sponsors, and excorts. A hush fell over the stadium as the crowd breathlessly waited in

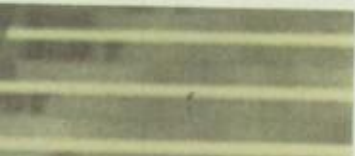

anticipation. The roar of the loudspeaker filled the stadium as the second runner-up, Rene Daniel was announced, followed by the announcement of the first runner-up, Shirley Draper. Now the moment everyone had waited for, the announcement of the 1977

Homecoming Queen ... Miss Kim Guyton. While being crowned by Mr. David Eubanks, the band played "Feelings" and balloons filled Royal Stadium. The Queen and her court stood under an ivy-covered archway as the applause and roar of the crowd died down. The game got underway with another half to go.

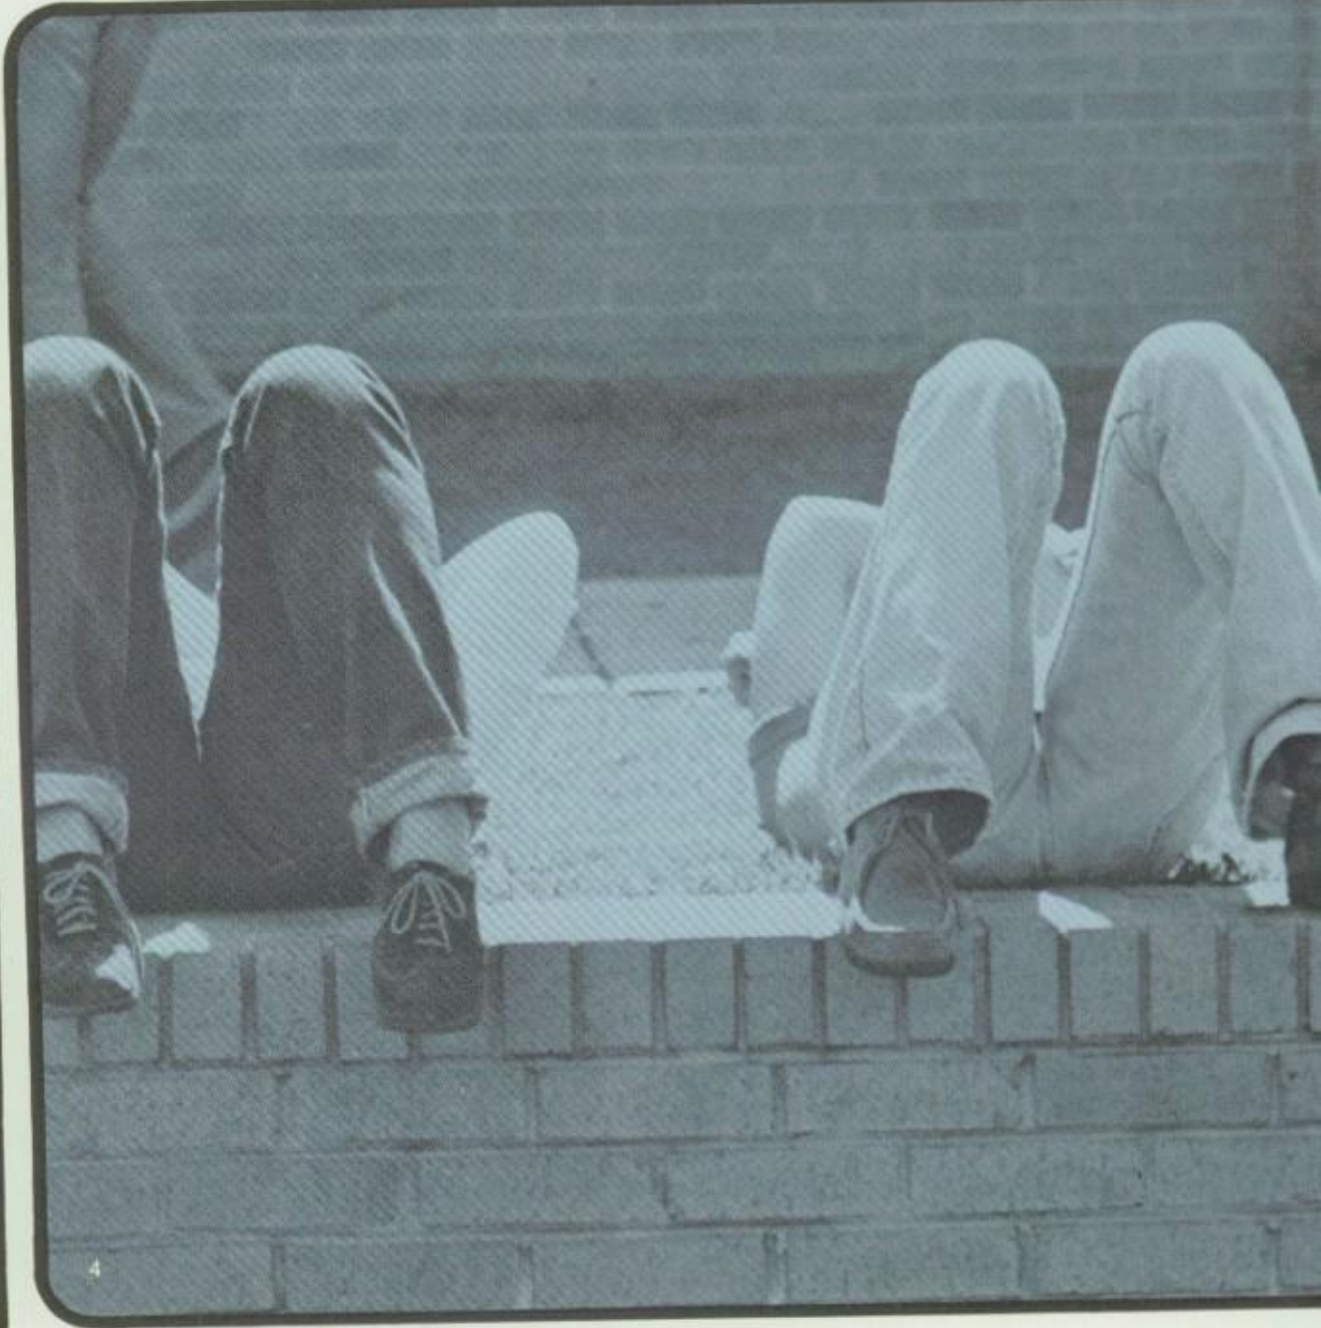

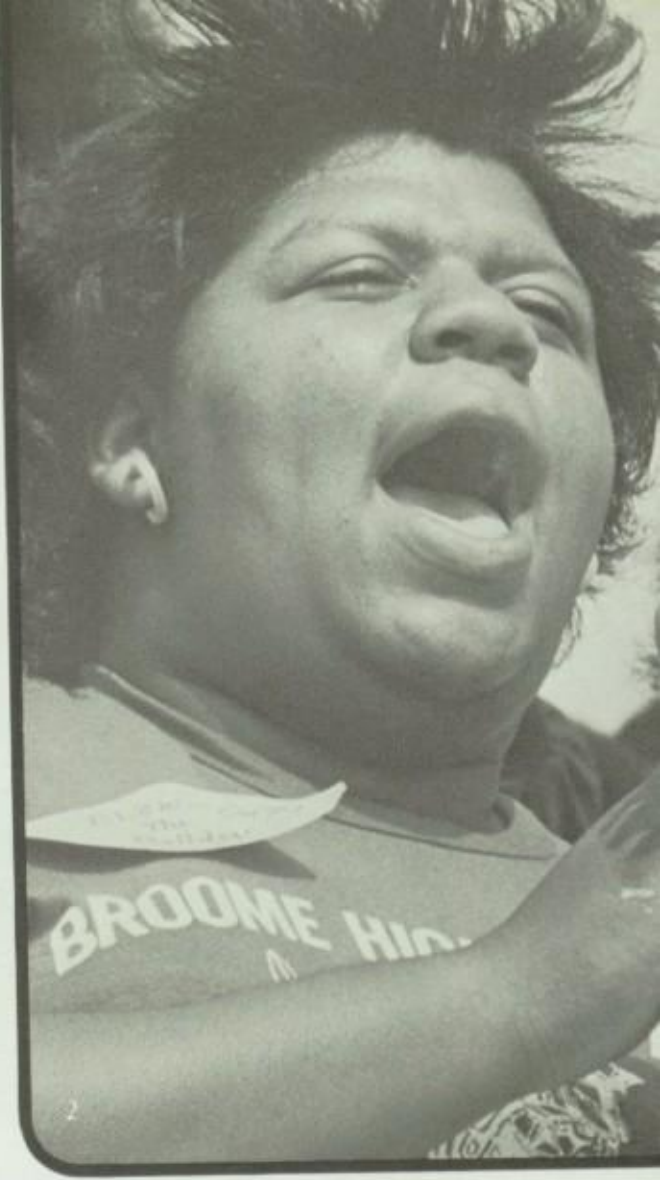

Between kickoffs, tackles, runs and extra points, the game ended with a mighty victory for the fighting Centurions. With an outstanding score of 35-12 the student body rushed out on the field to congratulate the players. Everyone made their way to the cafeteria to bump and boogie at the Homecoming Dance. Park Avenue provided the disco music to which everyone did the latest style dancing. This get-together was one of the most exciting functions of the Homecoming week. The week ended at midnight, bringing to end a week filled with memories, laughter, and excitement.

1. Candidate Linda Cash shows her dismay during a football play.
2. Candidate Susan Seay boogies down at the dance.
3. Candidates Sharon Howard, Pam Keeter, and Louisa Keller wait for a touchdown.
4. Molly Fowler, Kim Littlefield, and Susan Gilmer enjoy music by Park Avenue at the dance.
5. Candidate Renita Garrett enjoys watching a winning team play.
6. Bobby Oglesby is totally engrossed in the Homecoming game.
7. 10 of the 17 candidates and escorts.

Slip-Sliding The Days And . . .

1. Kevin Adair and Brenda Bailey find there's more to school than meets the eye.
2. Libby Anders concentrates as she takes her nine weeks test.

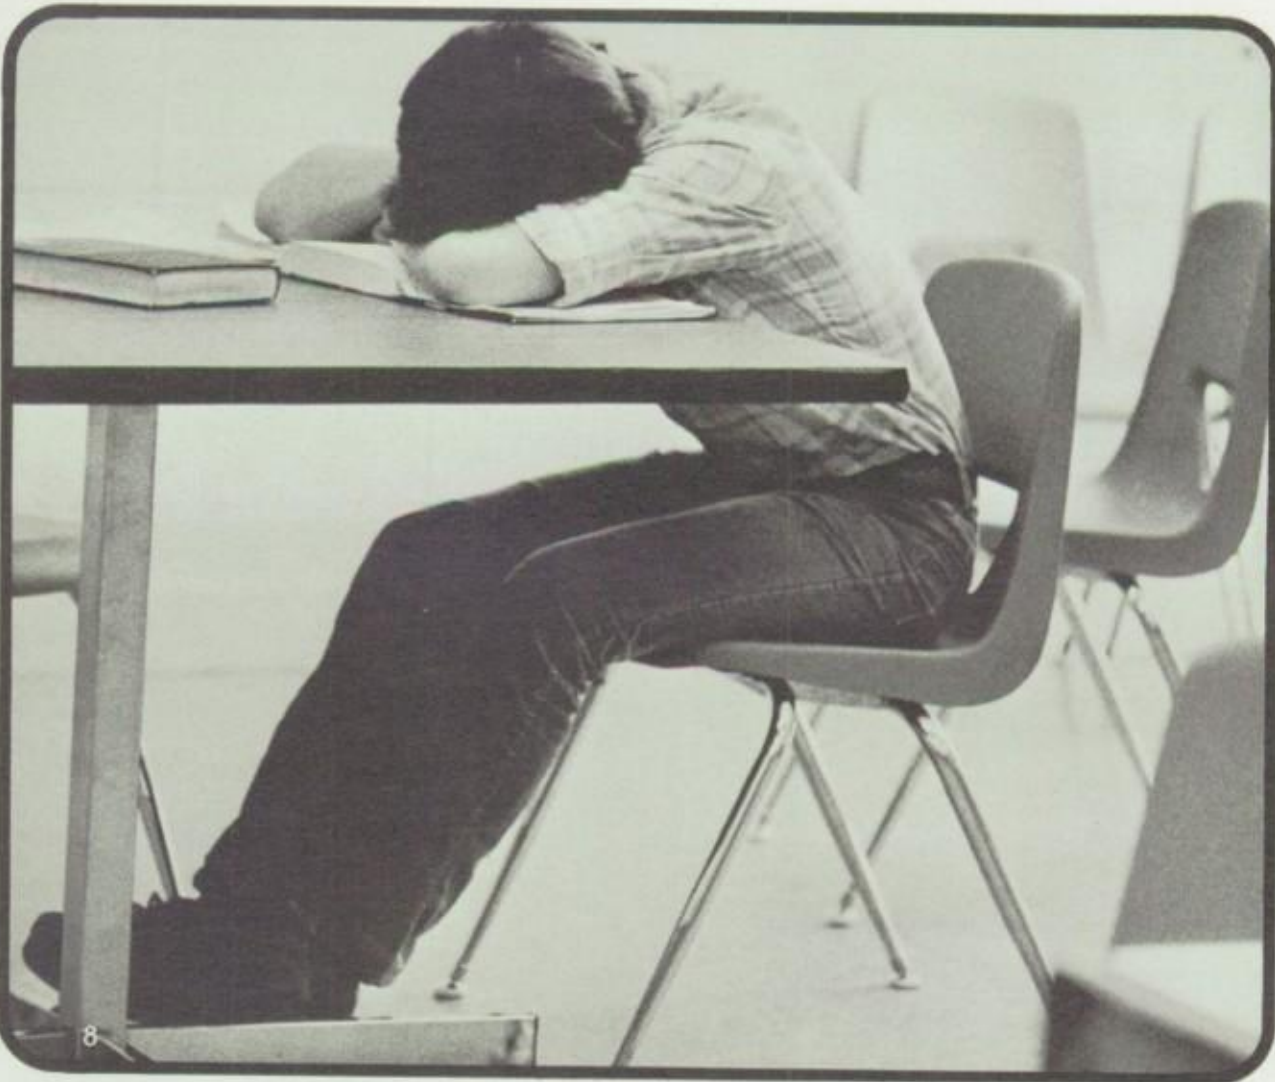

3. Pam Durrah cheers as the seniors try for the spirit stick.
4. Two unknown students relax as they enjoy the new 50 minute lunch break.

"That wasn't the tardy bell was it?" "that ole woman won't let us talk at all" "Meet me at the break" "have you got 50 cent I can borrow for lunch" "who got thrown out of the senior lounge" "I failed my parallel reading" "what did you make on the Chaucer test" "oh no, not another film" "I thought that bell would never ring"

People. That's what it's all about. From the time the parking lot opens til it closes, people are what make things happen. They are the heart of student life. As soon as the alarm goes off student life starts. The bus drivers are up earlier than anyone. Soon the busses come in, the doors open, and the parking lot fills. Students gather to tell about the nights

events. First period begins and so does work. However, the minds of the students are usually on the weekend events, break, or lunch. When the break begins, the halls are alive with laughter, noise, and the slamming of lockers. All good things sometime come to an end and 3rd period begins. But lunch is not far away. When it finally arrives students 185 mph to the cafeteria. It's then the halls are full. Students lounging in the halls, smoking in the smoking area, and dancing in the chorus room. After lunch students struggle through 5th and 6th period and wait impatiently for the final bell to ring. Then students dash for their cars and get ready for the sun to go down for night life to begin.

5. Bruce Hulsey and Robin Parris find time for a short conversation while changing class.
6. Colin Bailey and Susan Dearybury want to get their point across.
7. Students leave for the day and get ready for the neon night life.
8. John Gomes rests in the senior lounge after a long study period.

1. Jeri Briner and John Gomes slow drag at the Winter Ball to the music of Crosstown Traffic.
2. Melinda O'Dell, like many Broome students, enjoys pizza on Sunday nights.
3. Shirley Draper and Lee Haney enjoy each other's company on a usual Saturday night date.
4. Broome students dance to the disco of Park Avenue at the back to school dance.
5. Tad Grubbs and Kim Phillips demonstrate a new dance.

And Nights Away!

"Hey, have you seen Saturday Night Fever" "let's cut the rug" "Are you going to the Pizza Inn" "are they really dating" "do you like Limelight" "were you at the Fox Trap last night" "did you enjoy Park Avenue" "didn't you love the Boz Scaggs and Mothers Finest concerts" "how about those parties of David, Steve, and Tony's" "let's jam"

"Boogie Nights ain't no doubt, we are here to party" fits Broome High students perfect. As soon as the sun goes down and especially on weekends, party is all we know. At the Loading Dock, some Broome students jammed on the floor and at the tables. The back to school and the homecoming dances were big successes, but dating was always first on the list. From the movies to their favorite spots — Deering Milliken's lake, the peach orchard, or the gals den - there was no doubt that couples loved the night life. For Pacolet area it was the Bantom Chef and for Cowpens area it was the church or corner for the meeting places. The two always found time to mix at the Beacon and on Sunday nights you could bet Broome students dominated the Pizza Inn. Friday, Saturday, and Sunday nights were full 'cause "Boogie Nights are always the best in town."

Students, like a waterfall spilling down the staircase. Echo's in the hall saying, "I'll meet you at the break." Sounds of feet and laughter at the class change. Then suddenly the last bell and everything is quiet. Rows of doors, empty, but full of the day's events. Then Broome High puts on its neon make-up til morning comes and student life begins again.

Seniors Chosen For Hall Of Fame

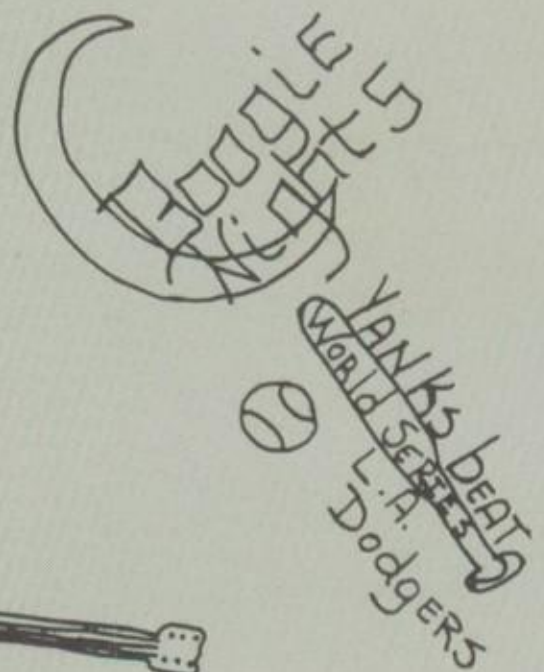

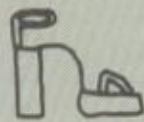

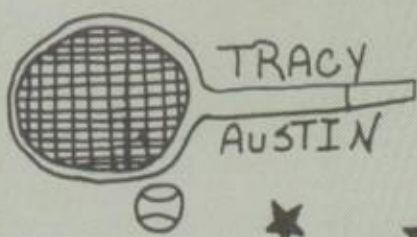

Chosen by the faculty, the following ten seniors have been inducted into the Hall of Fame. They were selected on the basis of providing incentive, promoting character, and serving as leaders in Broome High's two-year existence.

1. With ten years of practice behind him, **CHARLES PEARSON**, uses his skill to attend the Broome Singers in their many practices and performances. Of Charles' many hobbies reading, and of course, playing the piano are his favorites. He plans to attend college and study Business Administration and Music. It was appropriate that Charles chose "Happy are those who dream dreams and are ready to pay the price to make them come true", as his quote since he is an avid 'dreamer'./ Broome Singers, Cultural Affairs, Drama Club, Spanish Club, Roadrunner Club.
2. Serving as Student Body President, **KIM PHILLIPS**, works with people each day. That is why she chose, "It's nice to be important, but more important to be nice", as her quote. Kim plans to attend Clemson University and study Biology or Physical Therapy. Some of her interests are water skiing, baton twirling, dancing, and swimming./ Science Club, NHS, Student Body President, Drama Club, Cultural Affairs, Cheerleader, Roadrunner Club, Miss Medallion Candidate.
3. "Full of pep", would describe **DONNA PHILLIPS**, who has been a varsity cheerleader for two years. Donna enjoys playing the piano and swimming. She plans to attend college but isn't sure of her intended study. Her quote: "You might not be responsible for being down but you are for getting up", which is good to remember when cheering./ NHS, Cheerleaders, Pep Club, Drama Club, Block B, Spanish Club, Broome Singers, Medallion Staff, Baptist College Scholar (nominee).
4. Singing, dancing, and meeting people are only a few of **AUNDREA WORTHY'S** many interests, who also plays on the Basketball, Volleyball, and Track teams at BHS. "The way to multiply happiness is to divide it", fits Aundrea perfectly, because she spends much of her time dividing happiness among the students at Broome. She plans to attend college, major in Business Administration, and join the Air Force./ Basketball, Vice-President Black History Club, Block B, Pep Club, Volleyball, Track, Secretary Drama Club, Cultural Affairs, '78-79 Miss Medallion.
5. Feeling he has a real purpose in life is **RANDY NICHOLS** explanation for choosing the ministry as his career. His belief that, "There never has been a statue erected in memory of one who left well-enough alone", displays his feeling that well-enough isn't enough. Randy's hobbies include writing songs, playing his guitar and banjo, and being his homeroom errand runner, or as he explains it a "Go-fer". He plans to attend

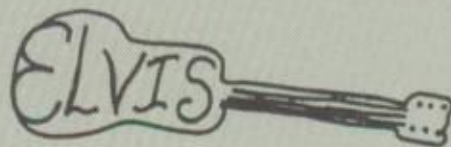

Southeastern Bible College and enter the ministry as a youth pastor, a minister, or an evangelist./ FCA, Drama Club, Sec.-Treas. Block B, Cultural Affairs, Football, Track, Senior Class Vice-President, Javelin — Sports Editor, Broome Singers, Sportsmanship Award (football), Baptist College Scholar (nominee), Furman Scholar (nominee).

6. An original quote, "Priority is the only excuse for anything", by **TONI TRENT** fully explains her feelings about her role as editor of the **MEDALLION**. Encountering small calamities and full-blown crisis are a part of each day. After graduation, Toni plans to attend college and study education. Some of her interests are skiing, dancing, photography, and playing basketball./ Science Club, Cultural Affairs, **MEDALLION** - Editor, Drama Club.
7. "Don't walk behind me I may not lead, don't walk in front of me I may not follow, just walk beside me and be my friend", describes **CHRIS MATHIS**, who enjoys people and serves on the Senior Executive Council, at BHS. Talking, swimming, and horseback riding are a few of Chris' hobbies. She plans to attend college and study Computer Science./ Drama Club, Senior Executive Council, Spanish Club, Cultural Affairs, Roadrunner Club.
8. Capturing many awards in '76, **CARROLL WELLS** followed up the '77 football season with various awards including All- Conference, All-Area, Broome "Offensive Player of the Week", and the coaches "Hustler Award". If his involvement in football wasn't enough, he went on to be voted as the opening season (basketball) "Herald-Journal Player of the Week". On January 10 he set a BHS record of 41 points for single scoring in a game. Carroll plans to attend college after graduation but isn't certain of his study. His favorite quote: "A wise man will be master of his mind, a fool will be slave of it"./ FCA, Block B, Football, Basketball, Roadrunner Club.
9. "It's nice to be important, but more important to be nice", also chosen by **TRINA MINTON** expressed her feelings on the importance of properly representing the students at Broome. Although she has been accepted at Wofford College, Trina plans to attend USCS and study nursing. She enjoys driving her school bus and playing the piano./ Spanish Club, Pep Club, Roadrunner Club, Student Body Vice-President, Cultural Affairs.
10. Striving to meet your goals with an 'I Can' attitude was **RENITA GARRETT'S** reason for choosing, "An obstacle is something you see when you take your eye off the goal you are striving toward". Her plans include attending college and a law career. Renita enjoys reading, horseback riding, collecting old and pretty things, and helping others which she puts to use each day as Senior Class President./ President French Club, Homecoming Candidate, President FTA, Cultural Affairs, Senior Class President.

Centurion Review

Vikings overpower
feeble Centurions

Broome High School's Centurions opened the 1977 football season with a 40-14 loss to an awesome Spartanburg team. The unsure Centurions did little for fans to cheer about as they could muster up only 146 total yards. The Vikings led the whole way as they took a 26-0 halftime lead. Broome did have some bright spots in the second half, when Carroll Wells caught two touchdown passes. Tim Mintz added on the PAT'S.

Needless to say, it was a quiet locker room as the Centurions undressed. Many tears were evident as both the players and the coaches did some soul searching.

Broome ties Chesnee

A spectacular fourth quarter surge by the Broome Centurions gave them a 12-12 tie with Chesnee. Trailing 12-6 with 1:15 remaining in the game, Ernie Dillard passed to Carroll Wells who then threw a 37-yard strike to Jeff Miller. The following play Dillard followed the blocks of Larry Mulkey and Tony Revels into the end zone. The extra point attempt was blocked.

Broome showed little offense in the early going as Chesnee took a 12-0 lead just after halftime. Dillard closed the margin with a six yard scamper with 8:11 remaining. On Broome's next possession, the Chesnee defense held and caused a 4th and 21 situation. Lightning struck as Broome completed the big pass.

The Centurions were led by Mike Durrah, who gained 119 yards rushing.

As they traveled home, the Centurions had mixed emotions. They were happy to produce such a comeback, and sad to be so close and not to win. Again tears fell from the cheeks of many Centurions.

Centurions stop Blacksburg

Jeff Miller caught two touchdown passes from Ernie Dillard to lead the Broome Centurions past previously unbeaten Blacksburg.

The win was the first for coach Dalton Rivers at Broome and raised the Centurions record to 1-1-1.

After no real threats in the first quarter, the Centurions drove the ball from their own 39-yard line for a score as Dillard hit Miller from eight yard out. Tim Mintz added the extra point.

Early in the fourth period, Dillard again hit Miller with a pass, this time for a 62-yard touchdown. Mintz again kicked the extra point.

The Wildcats scored on a touchdown pass late in the game to account for their score.

Although there were many happy players, a lot of work was still needed to become contenders.

Centurions come
through for Rivers

Head coach Dalton Rivers celebrated his personal "homecoming" as the Centurions topped Byrnes 21-13. It was Broome's first conference win of the 1977 season.

Broome scored early as Larry Mulkey recovered a fumble on the Byrnes 15-yard line. A few plays later Dillard followed Johnny Williams block into "glory land."

After being tied 7-7 at halftime, Broome took the lead for good as Dillard romped 65-yards for a touchdown. Juan Collins put the icing on the cake in the fourth quarter with a 10-yard run for the touchdown. Tim Mintz kicked all three extra points.

Ernie Dillard and Larry Miller received honors for their exceptional

Tears again were obvious on the faces of the Centurions, but this time they were joyful tears as Coach Rivers hugged every player on the team and called the game, "a good homecoming."

Broome beats 5th
ranked Pickens

Broome High came from behind with 44 seconds left in the game to defeat previously unbeaten Pickens by a score of 17-14.

The Centurions 10-0 halftime lead was obliterated on third and fourth quarter touchdowns by the Panthers.

Flanker Carroll Wells tossed a 37-yard scoring strike to end Jeff Miller with 44 seconds to go in the game. Tim Mintz, who also kicked a 37-yard field goal, added the extra point.

Broome gains revenge
against Boiling Springs

After spotting Boiling Springs with a 16-0 lead halfway through the first quarter, the Centurions decided to get down to business. Ultimately winning their fourth game of the season by a 26-16 margin.

Tim Mintz opened the scoring for Broome with a 31-yard field goal. A short while later Johnny Williams recovered a Bulldog fumble at the six yard line. One play later Ernie Dillard threw to Jeff Miller for a touchdown. The half ended with the Centurions behind, 14-10.

Broome came out of the locker room with one goal: to score. And so they did as Mike Durrah ran 37 yards for a touchdown on Broome's first possession. Mintz added the extra point and seconds later kicked an 18-yard field goal.

Early in the fourth quarter, Williams recovered his third fumble to set up Dillard's five yard run behind the blocking of Randy Nichols and Steve Br...

Centurions baffle York
in Homecoming game

It was a great game for the Centurions as it kept them in a tie for first place and moved them up to 5th in the State AAA rankings.

The Broome Centurions played with a little extra incentive against the York Green Dragons in posting a decisive 35-12 win. The Centurions were playing without their fine offensive line coach, Rick Carlisle, on the sidelines.

Donnie Dewberry was the first to make Carlisle smile from his hospital bed, as Donnie ran 39 yards for a touchdown on the Centurions first play from scrimmage. Juan Collins was the next to join in the scoring as he scampered around end for a four yard TD run. The Centurions didn't stop with this as Larry Mulkey blocked a punt and recovered the ball in the end zone for another touchdown.

Carroll Wells also added to Carlisle's pleasure as he caught touchdown passes of 16 and 23

yards. Tim Mintz added two extra points and a 47 yard field goal to the Broome festival.

After it was over, the game ball was presented to Coach Carlisle by the team doctor, James Ueberhandt.

On November 14, 1977, Broome traveled to Greer, needing only a win to make the AAA playoffs, but it just wasn't in the cards as they lost 20-14 in overtime to a strong Low Jacket team.

It was a bad night from the start as a Carroll Wells pass was intercepted on the first play of the game. The first half nightmare continued as the Centurions found themselves trailing 14-7 at halftime. Broome's only score came after a Jamie Willis interception as Ernie Dillard took it in from seven yards out. Tim Mintz added the PAT.

It looked as though the Centurions would go down in defeat, 14-7 — but lightning struck! Mike Durrah received a handoff from Dillard, ran through a gaping hole, created by Johnny Williams and Tony Revels, and scampered untouched for 81-yards and a touchdown. Tim Mintz added the extra-point to tie the game.

The contest ended with the score tied at 14-14. Broome could not score on their try in overtime. Greer did manage to cross the goal line and took a 20-14 win. For the first time in many weeks, tears fell from the cheeks of the Broome High team, cheerleaders, and fans.

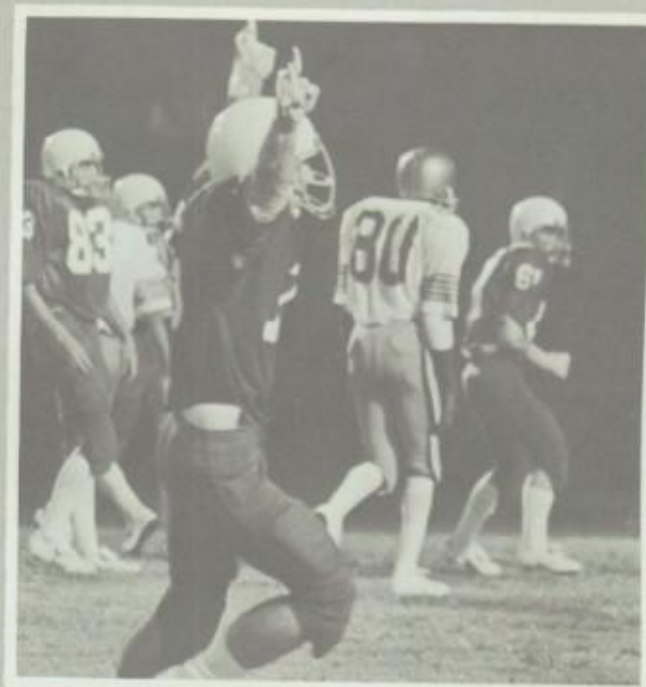

Clinton takes away Broome's 1st bid for AAA playoffs

"It's do or die for you against Clinton," that's all the Broome players heard for an entire week. The statement was true. If the Centurions won, they were in the playoffs, if they lost they had but one remaining game to play.

The team they must beat, Clinton, was ranked No. 1 in the state, they had acquired an 8-0 record, and were in first place in the conference. Broome had lots of trouble with Clinton, as Tim Mintz's FG was their only score of the opening half. Clinton held an 18-3 halftime lead.

The second half was no better as the Centurions only score was in the form of a 25-yard TD pass from Ernie Dillard to Jeff Miller.

Broome, who could not hold the powerful Red Devil running attack, fought a losing battle as Clinton scored 14 last quarter points to take a 32-9 win and knock the second year Centurions out of the playoff picture.

Centurions finish season with win

Halfback Mike Durrah scored three touchdowns and picked up a record 194 yards rushing to lead Broome's Centurions to a 31-7 victory over Riverside.

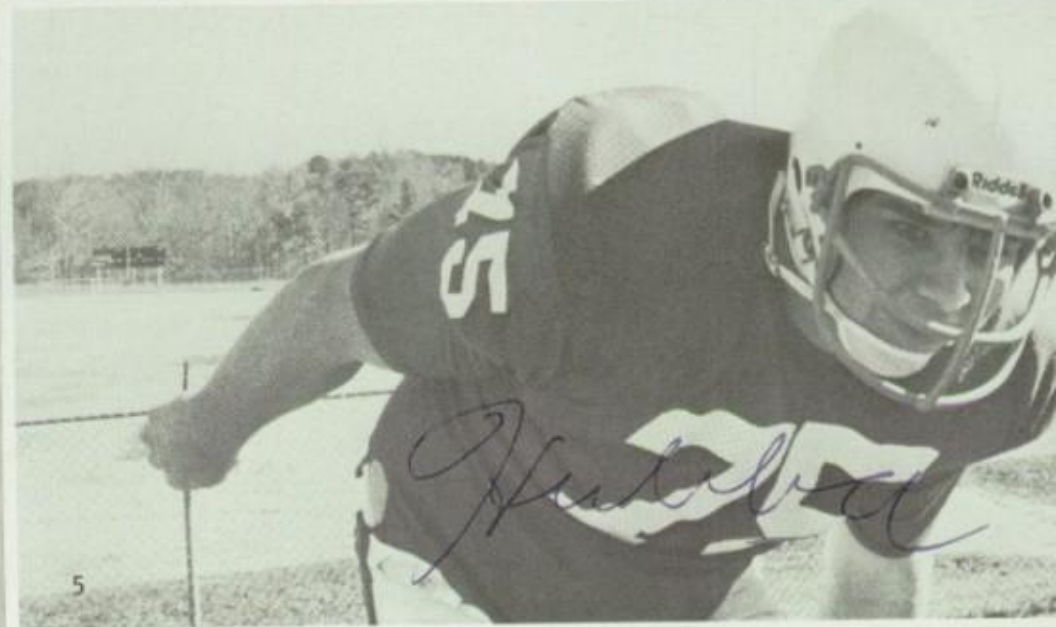

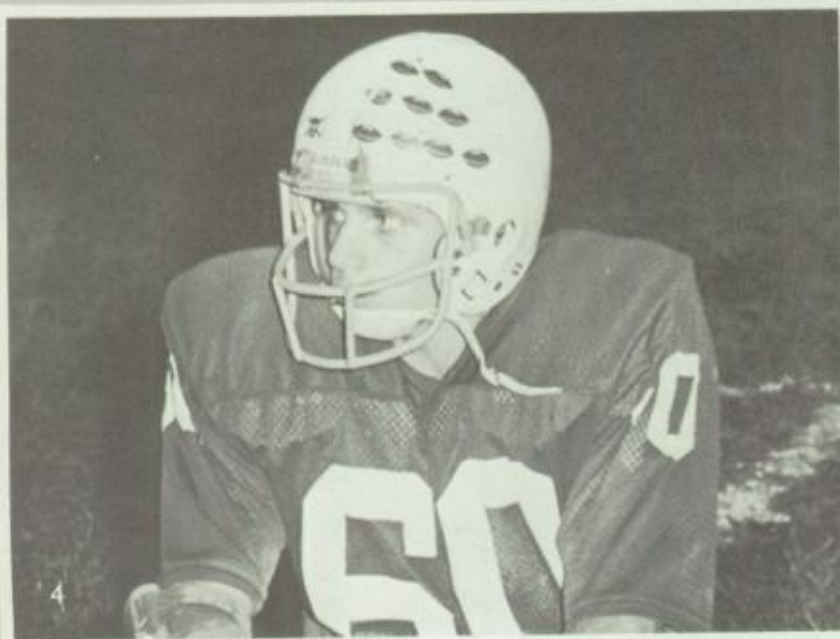

Durrah, Broome High's offensive Player of the Week, scored on runs of 76, 20, and 56 yards as the offensive line, made up of Eddie Fisher, Steve Bright, Randy Nichols, Tony Revels, and Johnny Williams, did an excellent job blocking.

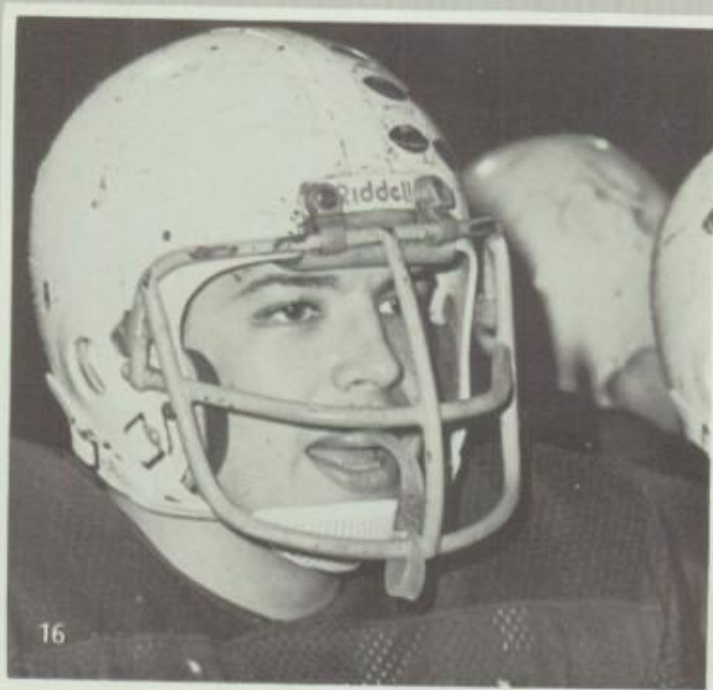

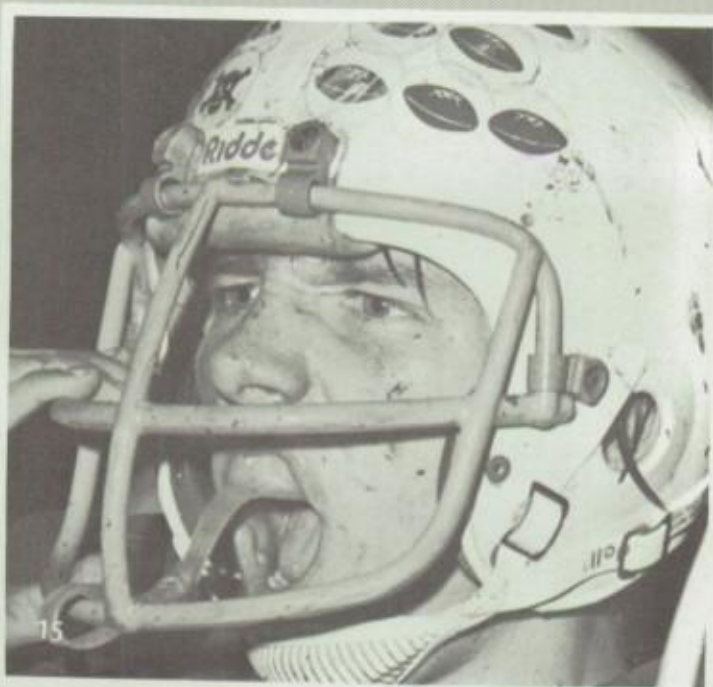

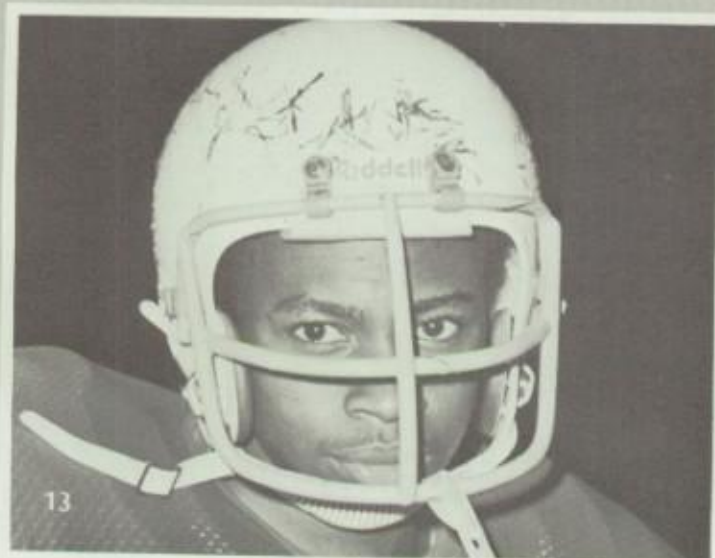

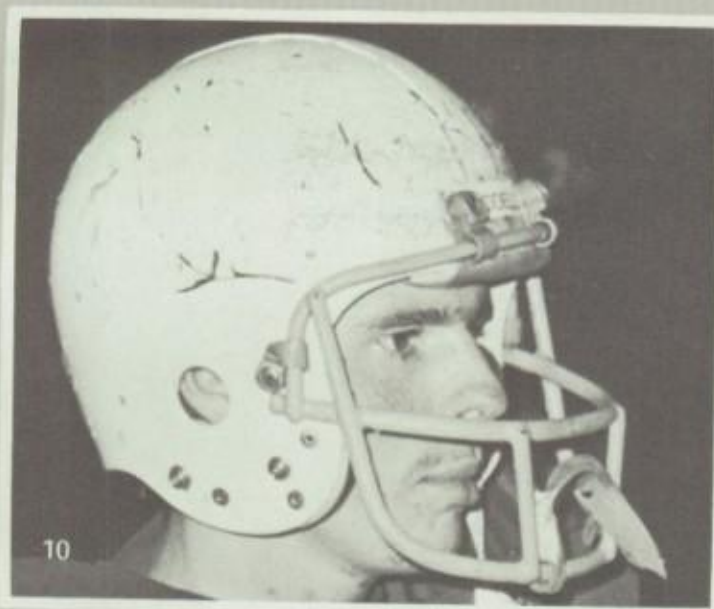

Ernie Dillard also played an outstanding game as he scored once and threw an 80-yard TD pass to Carroll Wells.

It was an "All Centurion Night" as they racked up their sixth win of the season. Congratulations are in order for the 1977 Broome High School football team as they finished in a tie for second place in the conference.

Cheering, Elation Of Winning And . . .

Tears of joy and sadness accompany each cheerleader as she hopes, prays, and screams for victory. The realization of winning and the art of losing are realities a cheerleader must learn to master. Doubt may capture her heart but smile and enthusiasm captures her face. Spectators' spirits may wane but the cheerleader maintains her assurance throughout the game. Dreams are often crushed but the one dream which does materialize is worth all the effort and emotion spent on others. The muddy hugs, sweaty kisses, and triumphant laughter embody the life of a cheerleader but before the hug, the kiss, or the laughter there is usually the shrug, the rejection, and the tears. All the stars in the sky and all the words in the world don't improve a losing night. But the cheerleader realizes any real loss is in spirit not in a score. All losses may be avenged and she prepares for the next time when the score will be reversed and victory fills the air.

Young Centurions Gain Experience Through 6-2 Season

First row: Doug Guyton, Second row: Bruce Hulsey, Chip Edge, Joey Mills, Eddie Grasso, Third row: Mike Trammell, Scotty Martin, Tim Means, Charlie Blalock, Eric Rivers, Brian Smith, Todd Howard, Mike Rhodes, Roger Worley, Bob Bolick, Maxie Garrett, Fourth row: James Hardy, Ronald Thompson, David Draper, Howard Salters, James Glenn, Billy Motts, Mike Crowe, David Dillard, Andy Lee, Hank Rogers.

Coach Bob Bolick turned the J.V.'s record completely around from the previous season. This year the J.V. team posted a 6-2 record, losing only to the conference champion and runner-up. Through the year the Broome J.V.'s gained much experience, but they also gained respect from some area schools. Spartanburg High was one of these schools as the Centurions defeated them in the first game of the season. The J.V.'s can also boast of defeating teams from Pickins, Boiling Springs, and Greer, not to mention the annihilation of a visiting Riverside team. The varsity coaches can smile about the prospects year's J.V. team and the opposing teams remaining years of these fearsome 10th graders.

Leading On To Victory . . .

In May of 1977, girls from Cowpens and Pacolet met at Broome to try out for the 1977-78 B-Team cheerleaders. A panel of four judges chose these seven girls; Molly Fowler, Robin Parris, Tonnette Sarratt, Sue Kirby, Jan Dalton, Myra Emory, and Charlene Leah. This group of enthusiastic girls met all during the summer for long, hot, and hard practice. Toward the end of the summer, they attended a cheerleader camp given by the varsity squad. By the time of the first football game, the B-Team squad was ready for their debut.

1. Excitement shows in Robin Parris' face as the ball falls into the basket.
2. Molly Fowler jumps to her feet in the last crucial moments of the game.
3. Tonette Sarratt and Sue Kirby give confused looks as Jan Dalton comments about the plays.
4. "Hey, that was pretty good," seems to be the thoughts of Jan Dalton.
5. Sue Kirby's face shows doubt in the team's plays.
6. Tonett Sarratt leads the fans into a winning mood.
7. Halftime spirits are lifted with a cheer by Charlene Lee, Myra Emory and Molly Fowler.

Volleyball Places Fourth

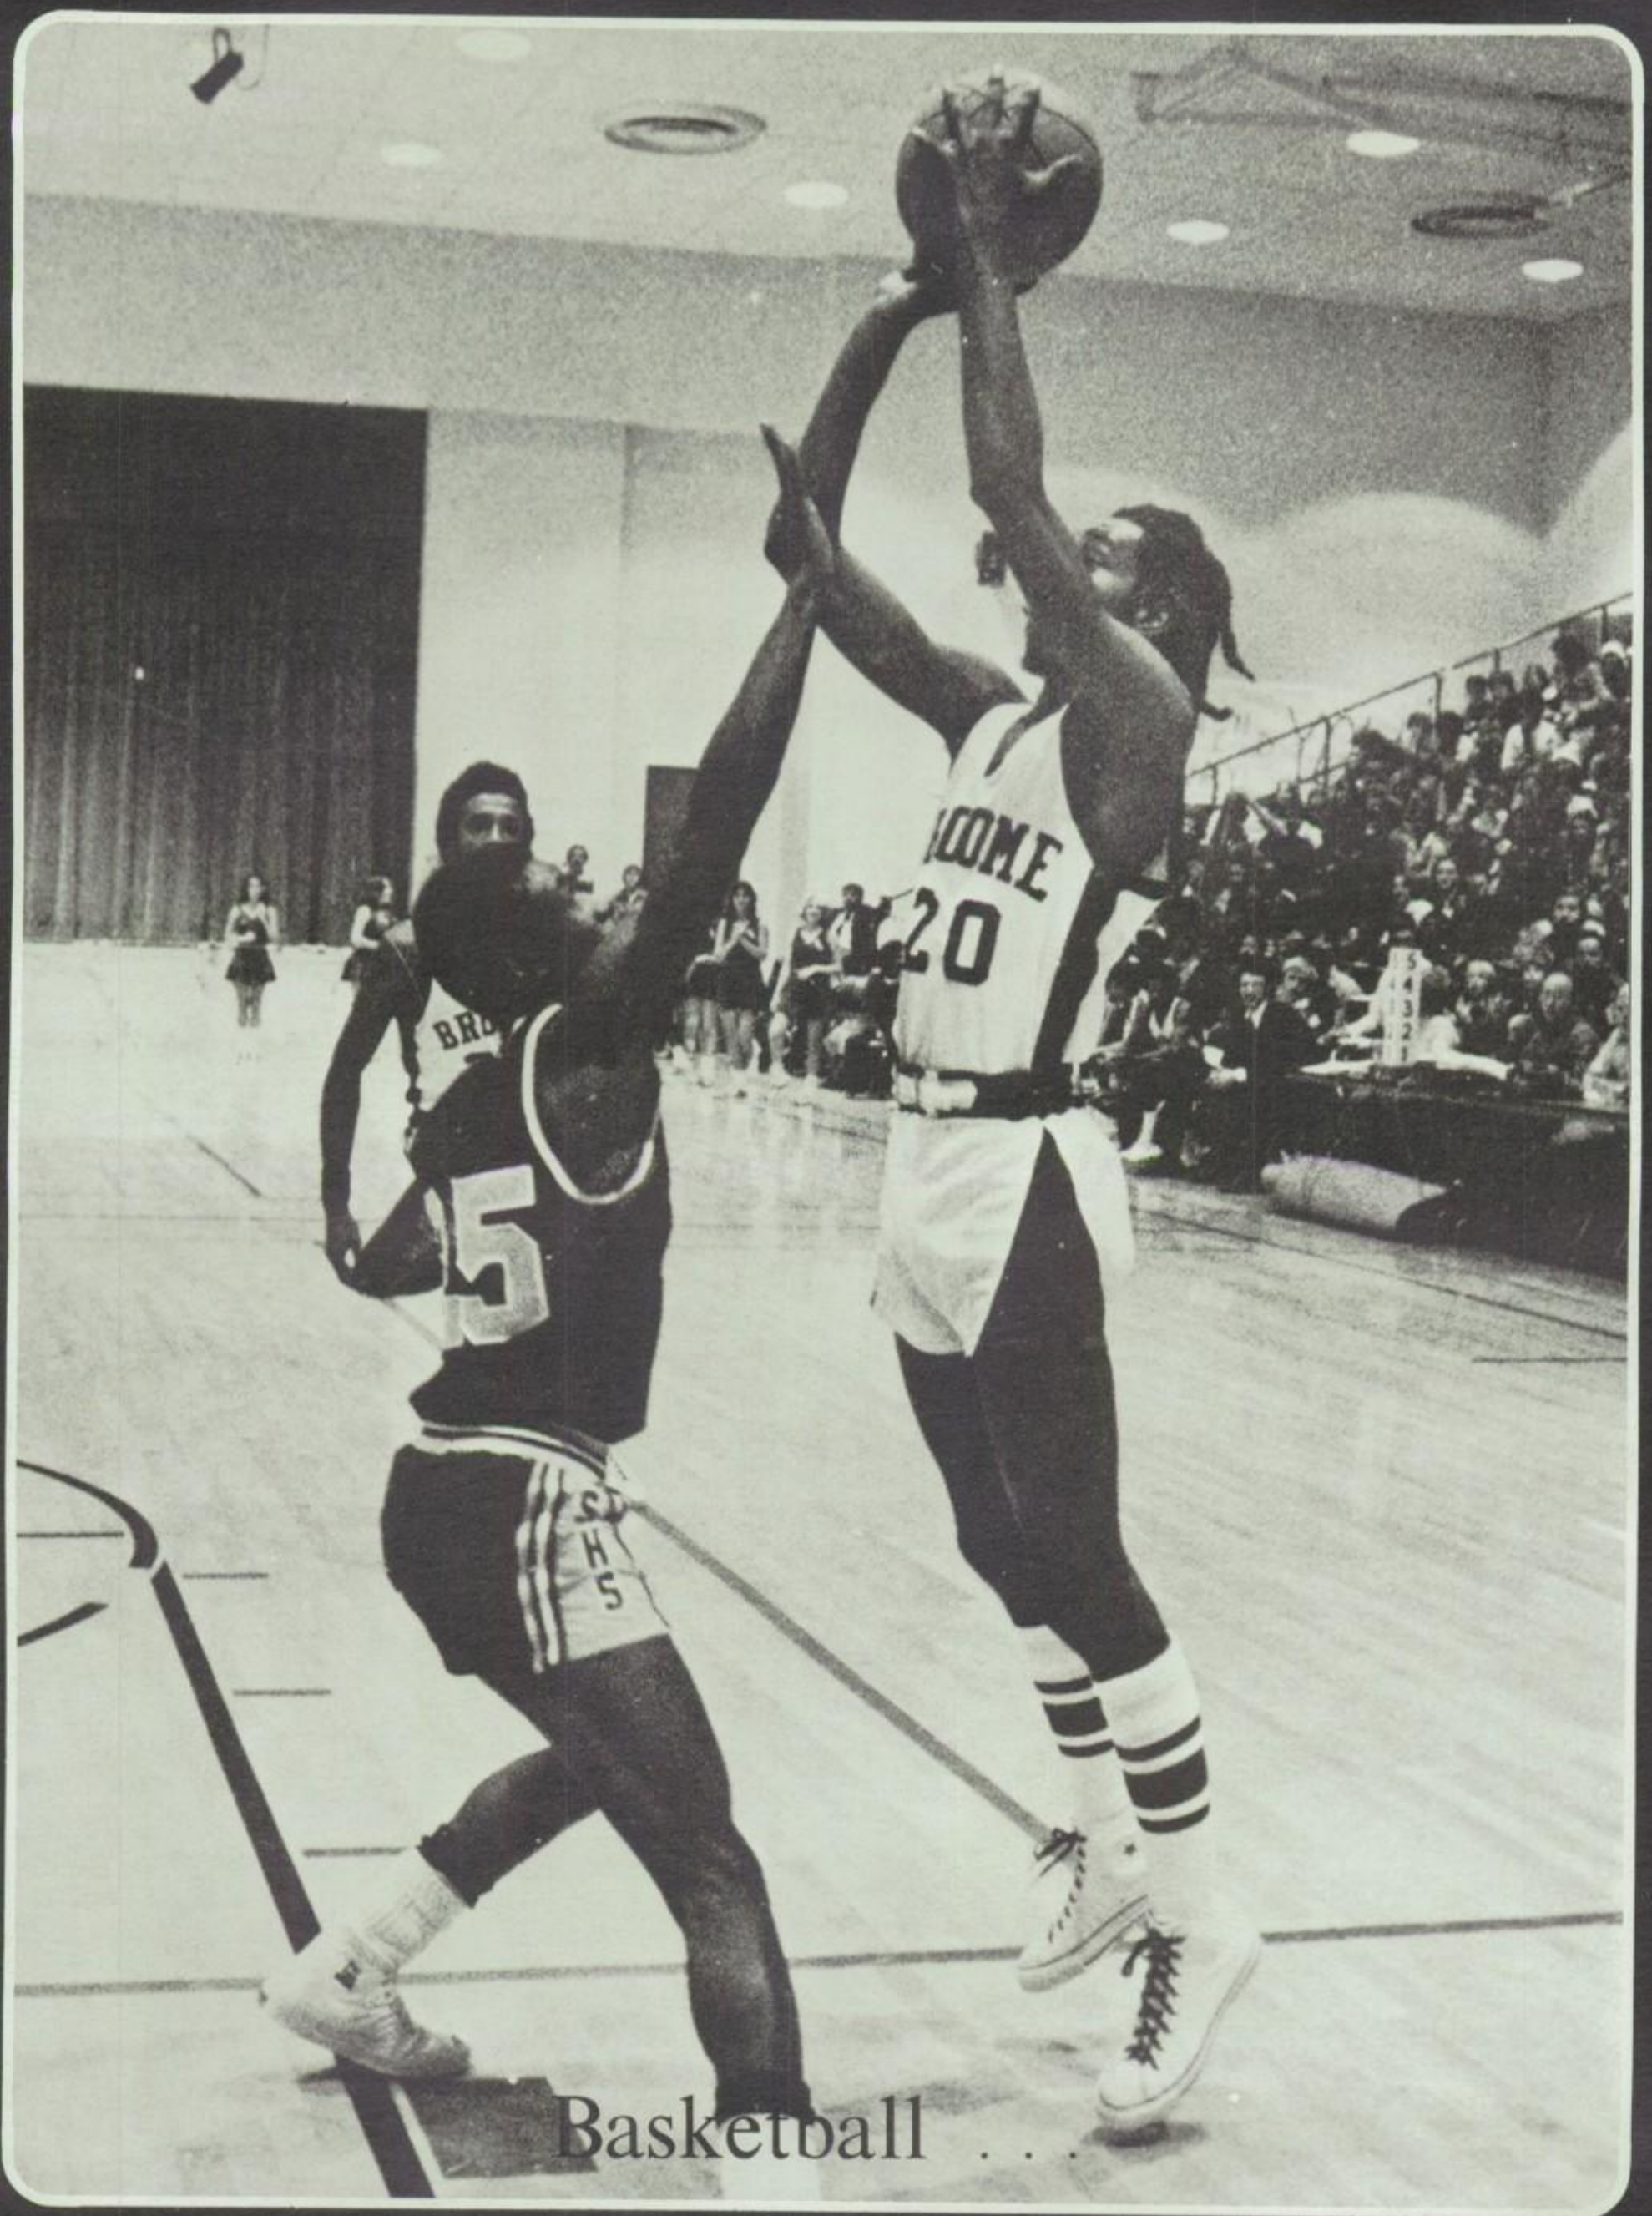

Volleyball demonstrates the ability and will to continually be on the alert and ready to move.

"Bump, set, and spike" — yelled Coach Robinette over and over — "you've got to know these three moves."

The team finished with a record of seven and nine, placing 4th. in the conference and injuring only one school van.

Leading this year's team was six seniors, Dwayne Tate, Carroll Wells, Kenny Kerns, Dennis Farr, Jeff Miller, Johnny Pettit. Juniors were Ronnie Kerns, Jamie Oxley, Chris Arthur, Jamie Willis, Barry Husley, Donnie Dewberry, Ricky Brown, and Ricky Hill. The only sophomore on the varsity was Mike Durrah.

With a 15-man squad things come a little slower, so Coach Stewart expected improvement as time went by. It was an exciting year with such high points as a big upset over Clinton.

Girl's Basketball Team Rebuilds

It was a year to rebuild for the Lady Centurions this year. After losing 4 of her starting 5, Coach Terri Robinette had to start from practically scratch and rebuild a team. It was alot of hard work, with long, tiring practices and even longer, soothing showers afterwards. We remembered many blood and guts, foul shouts, and all that rope jumping. But in the end it was all worth it and we were all proud to be a part of the team. Even though we weren't the hottest team in the peach blossom AAA conference, we gave it a good try and ended up with a good showing.

Love . . . Match . . . Set

"Judge ahead of time what action will be and what reaction you will take next," was the girl's tennis teams motto.

With only two team wins during the season, the girls learned how to accept defeat, but to keep trying.

During tennis practice, one hot day Coach Linda Stapleton was going to return a serve. She slid on some hot sand and fell head first into a fence.

This is one of the many fond memories that the team will treasure for years to come.

The sport of wrestling is a new one to the people in the district three area. It is a sport which requires much hard work and dedication. It is not uncommon to see the wrestler's spitting in cups during class, trying to lose weight. The Centurion Wrestling team under second year coach, Robin Bolick, did not enjoy much team success, but did have a few individual stars, among these were Johnny Williams, Guy Moore, Robert Brigman, and Mike Spencer. It is a long tiresome season, but when it's all over, the wrestlers can smile and know their among the best athletics at Broome High School.

Main Office, Guidance Runs Efficiently

Leadership, student discipline, budget requests, endless meetings, money problems — have all been routine jobs of the main office. Ass't Principal Stephens runs horses off front campus, Principal Eubanks takes lost Irish Setter home (to the joy of Mrs. Eubanks), and Ass't Principal Littlefield gives first-aid to yearbook member — are happenings that have headlined the office.

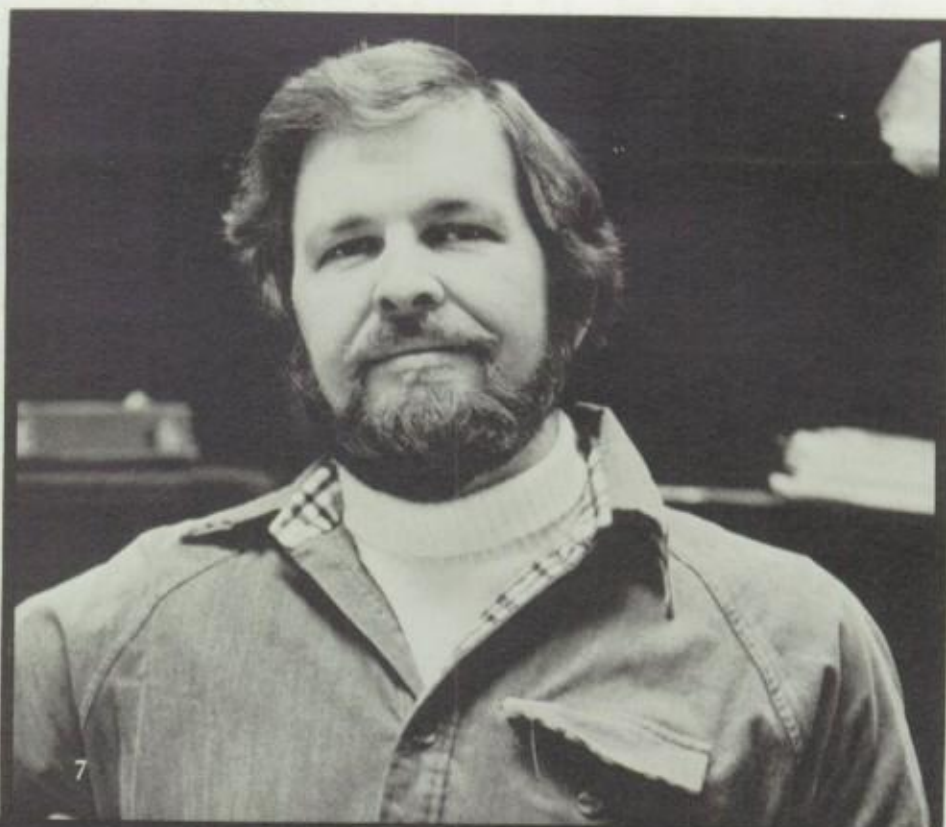

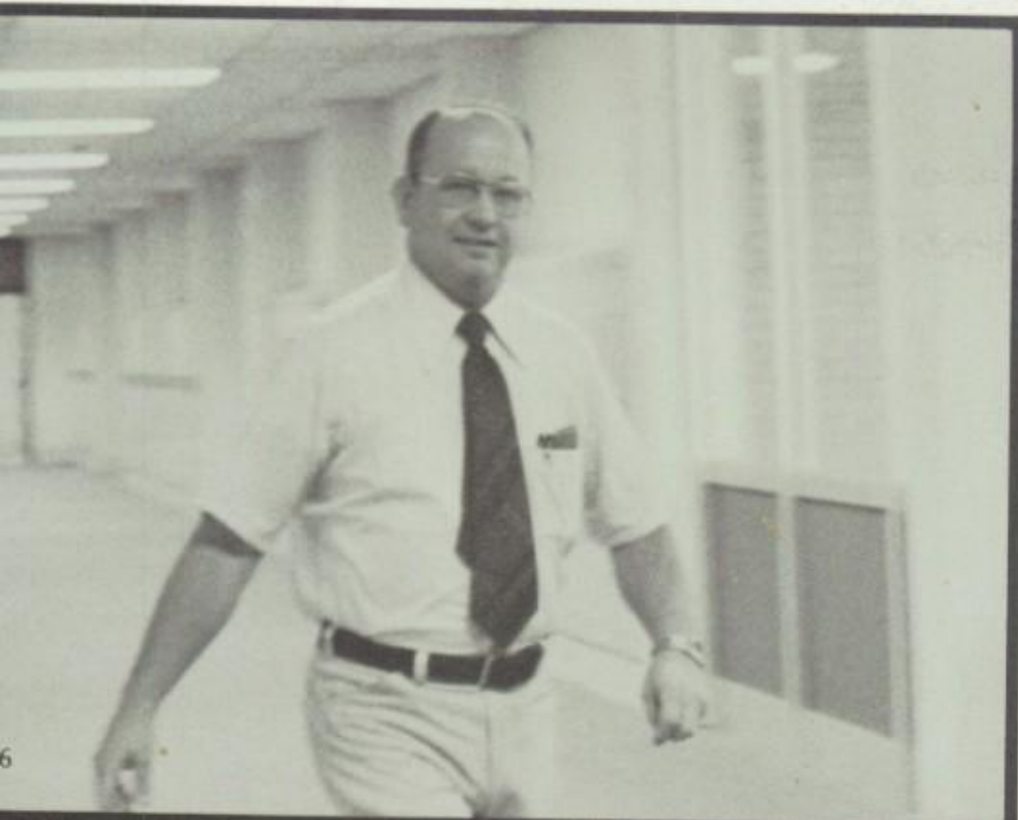

Typing memos, writing checks, helping students, decorating for Christmas, lifting faculty moral — a secretary's job is varied. Both office secretary's occasionally helped a student to call a friend and many times listen to love problems.

Making and changing schedules, guiding students to college and through life, listening — listening — guidance counselors aid students in many ways. Why do Mr. Lambert and Mr. Coker wipe lunchroom tables? Of course, it's because they can really get to know the students better. Mr. Coker's traditional reading of the "Littlest Angel" was enjoyed by student body.

Butch Rhodes kept all busses and vans running smoothly and on time, while his office was the central meeting place for many seniors.

District 3 Office Makes Major Decisions

Planning a new school, taking extra courses, writing teachers' pay checks, trying to write sequential programs, hiring new teachers, visiting schools, putting new lights in on the football field, checking school maintenance, taking pictures, testing students for reading problems, making psychological evaluations, keeping the district budget balanced, deciding how Title I funds should be spent — working at School District #3's central office requires people of many talents and abilities.

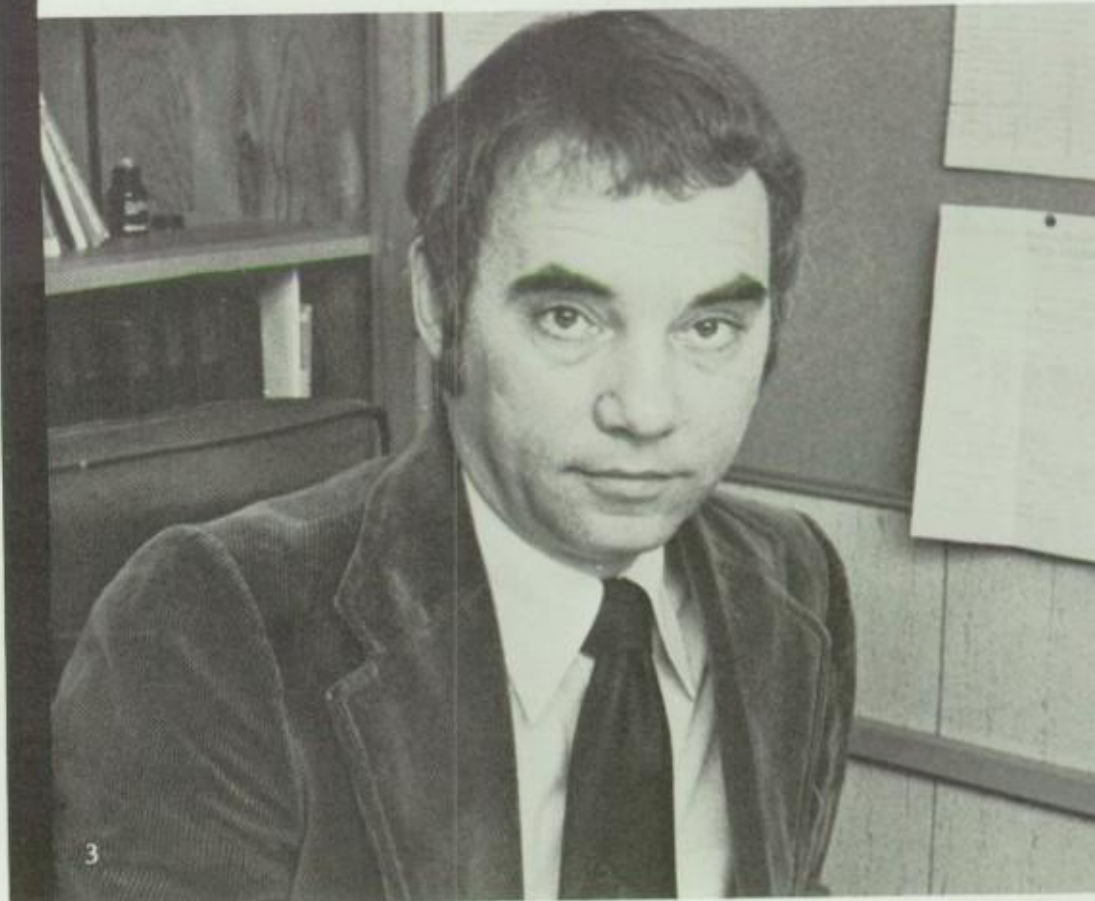

Superintendent Buie started off the new year with a new self, and the promise that he would "smile" more often. District faculty members have found him to be a more accessible person. Assistant Superintendent,

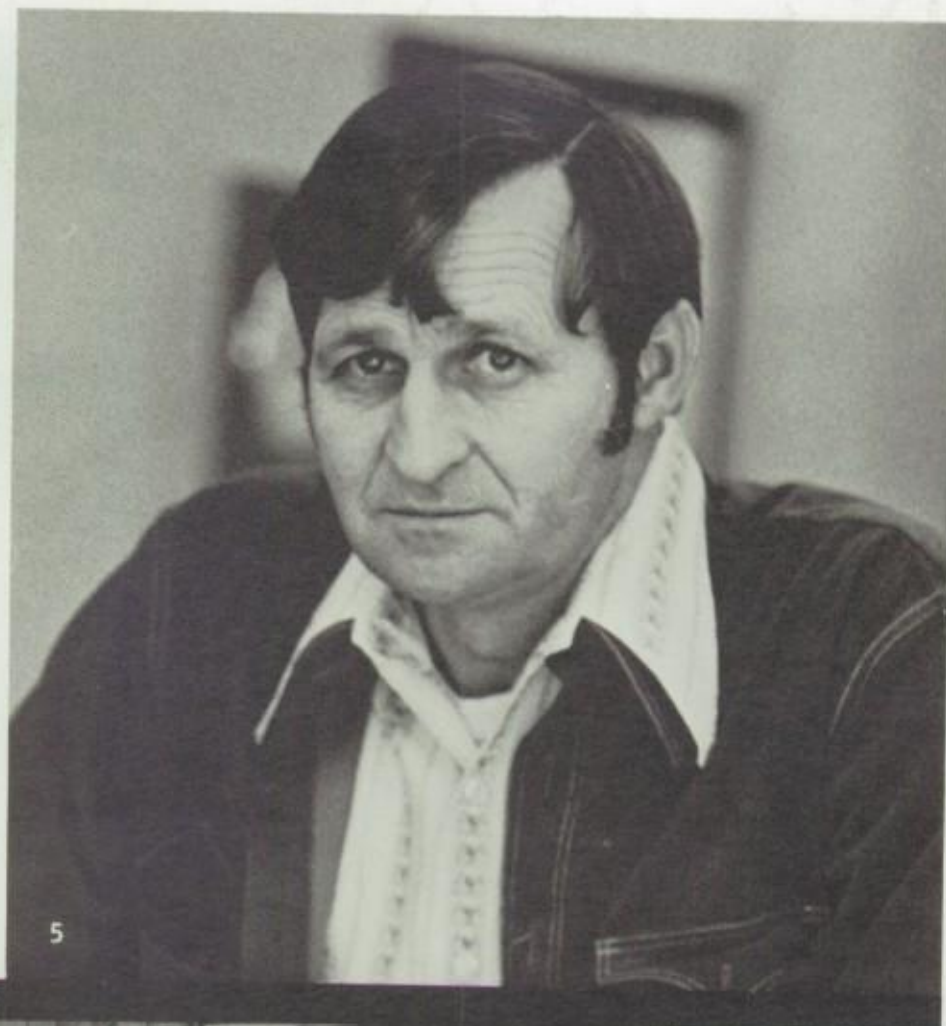

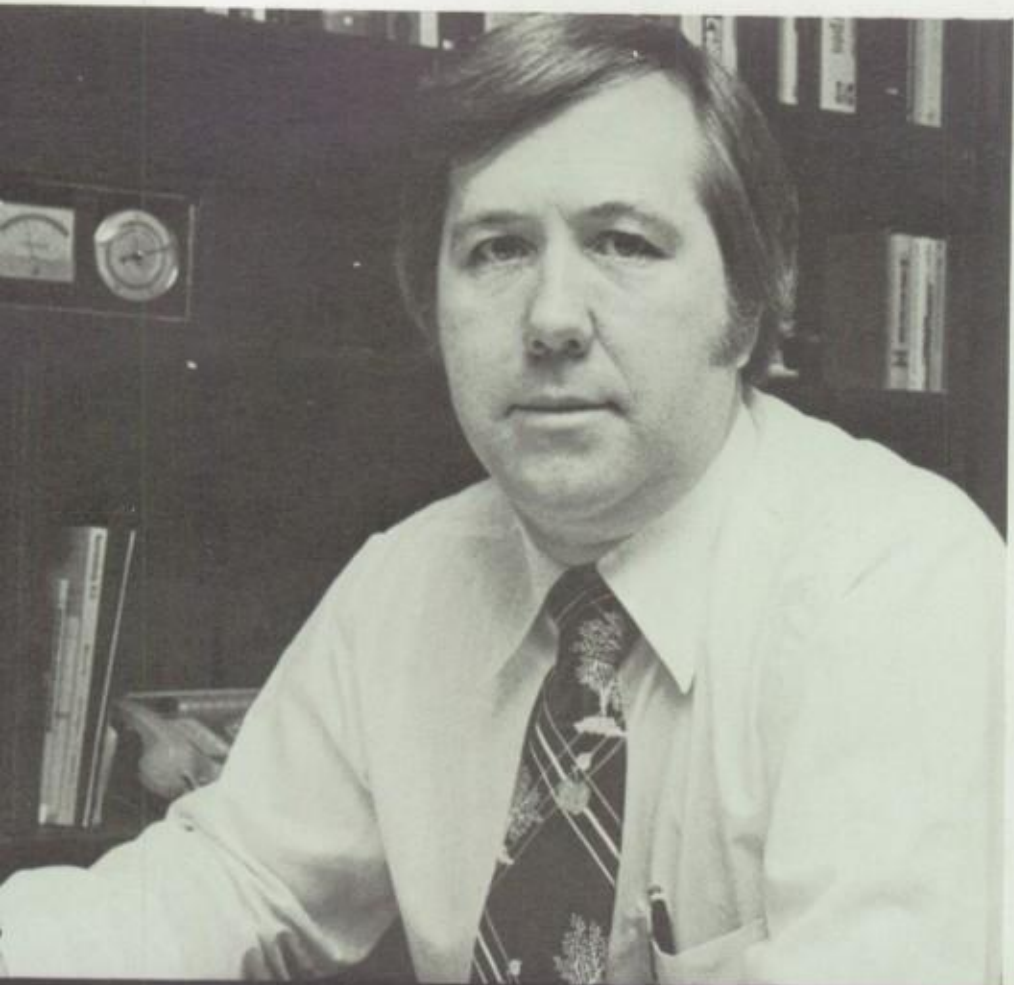

Ronnie Griffin could be seen climbing many feet into the air to change the light bulbs on the football field.

Assistant Superintendent of Instruction Roy Fowler spent many long tiring hours trying to get the English teachers to write a sequential curricular guide.

The central office was kept in the right shape by the diet contest, which was won by Dr. Buie.

Language, Must Ability For All

Breaking pencils in frustration, trying to open stubborn cabinets, twirling hair, wearing keys as a necklace, beginning a new style of wearing hair braids, grading those dreadful compositions, running from news office to class, patrolling the hall, reading to keep one day ahead of students, — an English teacher's job has many facets.

"First period class you are suppose to brighten my day," was one of Melissa Boyen's favorite sayings. Students enjoyed her singing and guitar playing, which she surprised them with.

Though English is essential in today's world, it is also important to have an understanding of foreign languages. The language department at Broome provided students with that opportunity by offering French and Spanish classes.

Social Sciences

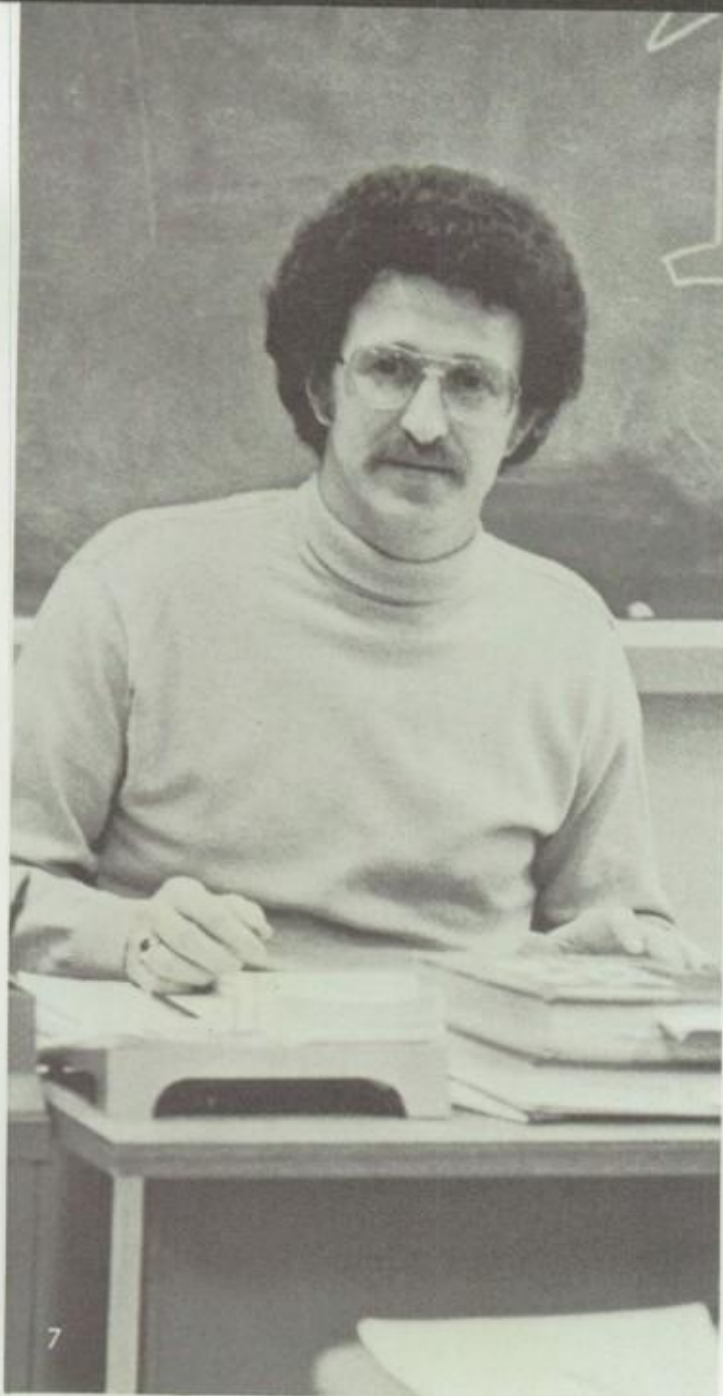

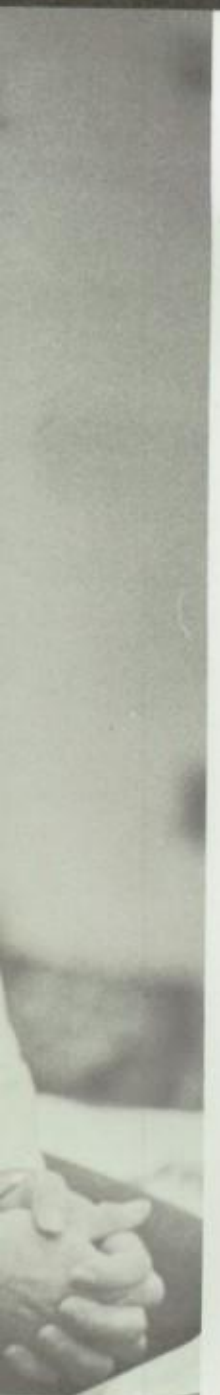

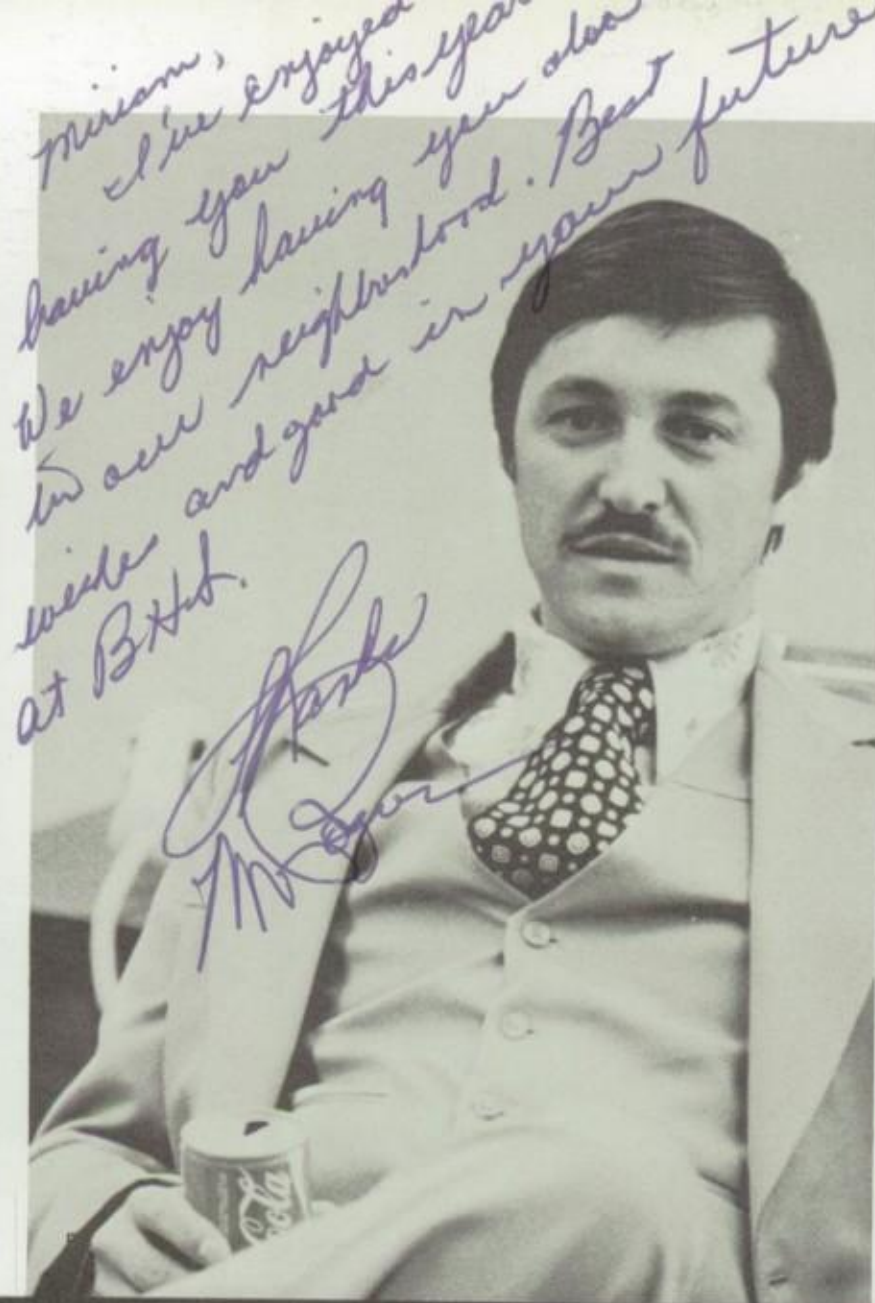

Genuine smiles, archaic jokes,
passion for sports, controversial
discussions, "break down," "I'm
going to put you in a seating chart,"
"don't miss 'big daddy's' class"

Social Studies may deal primarily
with history, but several history
teachers at BHS deal primarily with
students. Solving problems and
having general rap sessions with
students, Coach Rogers helps make
history of a student problem. Just
listening with a sprinkling of advice
is Coach Rogers speciality.

"Big Daddy," another Social Studies
teacher specialized in dramatics. The
Russians dialect or the psychopath's
actions are not beyond Mr.
Crawford's intellect.

Seasons play a large role in Mr.
Stewart's life. Besides teaching a full
class, he also coaches basketball and
track. He helps create history while
also teaching it.

Commercial

"Put your fingers on the home keys." "Don't put the debits in the credit column." Shorthand, sit-up students, get ready for the business world, typing, dictation. "To learn it, you have to practice it."

The Commercial Arts Department teaches students skills that will be helpful to them in college and the working world. Typing, Shorthand, and Accounting are the three major divisions of Commercial Arts, each offered in two year courses.

Home Professional

"Be careful, don't burn your fingers ... flowers and plants can add a great deal to the home ... a child's play is his work."

"Get this stuff cleaned-up ... saws will cut you ... I know the hall is a mess ... oh, no! not another wreck."

Both young men and women entered the fields of Home Economics and Pre-Vocational this year, in order to learn to accept and do all types of home responsibilities. The basic roles of men and women are changing and Broome High is keeping up with these changes.

Painting, gluing, and sawing in the hall was a drawback to pre-voc. students. There was never any doubt as to what these students were making in wood working.

Home professional teachers played an active role in school life — preparing the refreshments for poet-in-residence Alice Cabiness's reception, helping with the "Always and Forever" Junior-Senior Prom, making cabinets and podiums for teachers.

Education Contributes To Productive Adulthoods

Physical Education

"Which one of you girls left the water running in the showers?" Don't ever say, "I can't." Lockers, gym shorts Trampolines, Mr. Smallens silly jokes, Mrs. Robinette, "I can't get dressed today." "Who's got the ping pong tables first today?" Mr. Rich. Warm-ups, notes, tennis, volleyball, gymnastics. Mr. Rich, are we starting the Presidential Physical Fitness Tests Today? O.K. girls, go get dressed. Paddle Tennis, Mini-Tramp, running, playing, winning. Get off the mat with your shoes on. Slide out, rotate. Softball, cartwheels dancing in assembly, falling off the balance beam.

Food For Thought . . .

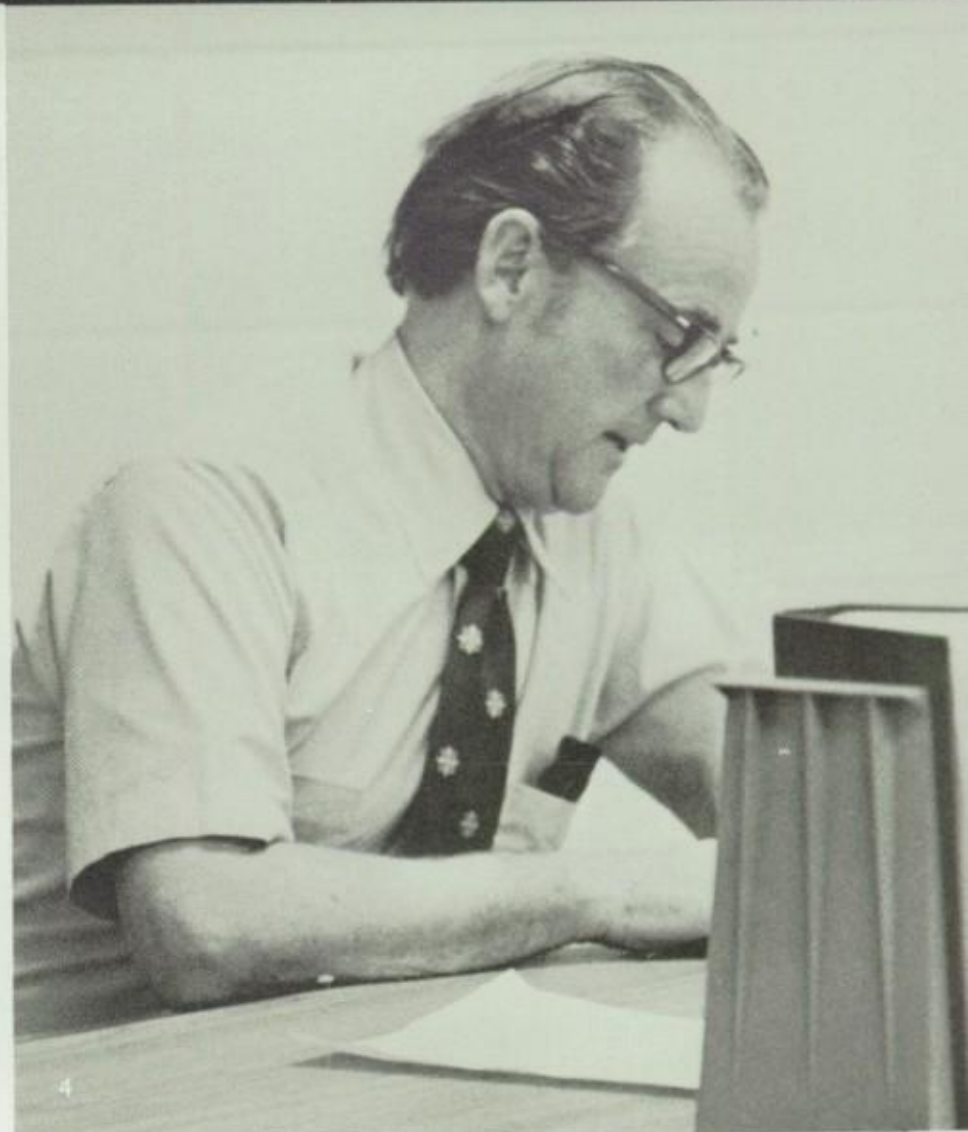

Media Center

"That's just gorgeous," "my darlings, please be quiet," "is this a pep rally, it sure does sound like one," "you are a hoot," "if you don't be quiet, you are going to get a kiss," "I just love ya," "what can I help you with," "we have a great book with Rod McKuens poems," "Mrs. Fowler will help you with information for your report."

When you need help in finding information or you're just looking for that certain poem, Miss Munn and Mrs. Fowler are there to help.

Whatever you're in the mood for, the Media Center will fill your every need. It provides information on any subject you can think of. Study Hall classes think it's a great place to get in last minute studying. The Media

Center also has the right film you need for your class presentation. It is also a great place to learn to waltz.

Maintenance

"What dessert would you like? ... Cake or Cookies? ... roll or cornbread? ... with or without chili? ... green beans or Cream potatoes?"

Head dietitian Judy Livesy made sure we had two balanced meals a day. This year students were glad to see we had a choice. Some students preferred junk plates, consisting of hot dogs, sandwiches, hamburgers, pizza, etc., while others preferred meatloaf, chicken, turkey and dressing, etc.

"Someone find Arlie ... Help, Arlie ... What happened to the power? ... Doesn't the heat work in the building? ... It's too hot.

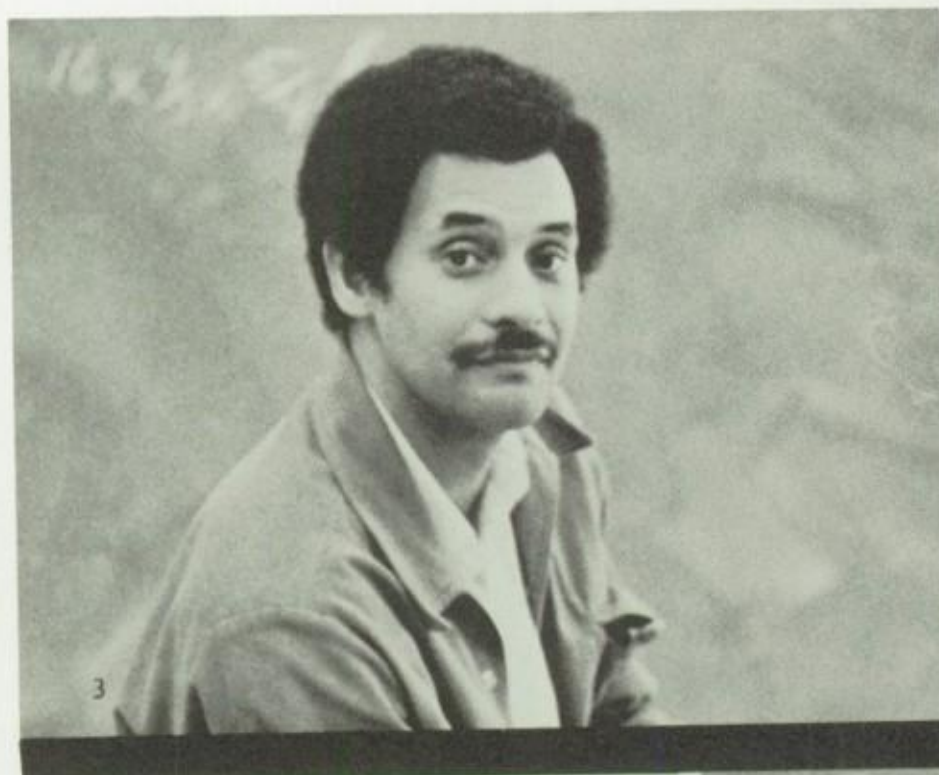

Arlie Stapleton, working in maintenance, was a great asset to our school. He was a good problem solver for all. Working along with him was Elese Gray who kept the school immaculate.

Math, Science, Expands Minds

. . .

"Get out a sheet of paper and number 1 through 10." Problems, numbers, dissecting bits. "Be sure your lab tables are clean." "Mr. Burnette, where did you learn to draw so good?" H_2O , skeletons, lab manuals, experiments, finding out your frog is pregnant, finding a derivative. "Do we complete the

square on no. 7?" Adding fractions, graphing parabolas, having tests, bounds, coordinates, cogines. "Are we doing experiment 3 or 4?" "Where do you make the first cut on this pig?" Properties, calculators, bunsun burners, flasks, graduated cylinders. "Always light the match before you turn on the gas." "Yes, the square root of 3 is equal to 1.7." Equations, test tubes, integrals, working out the last problem just as the bell rings, spilling acid on the new lab table.

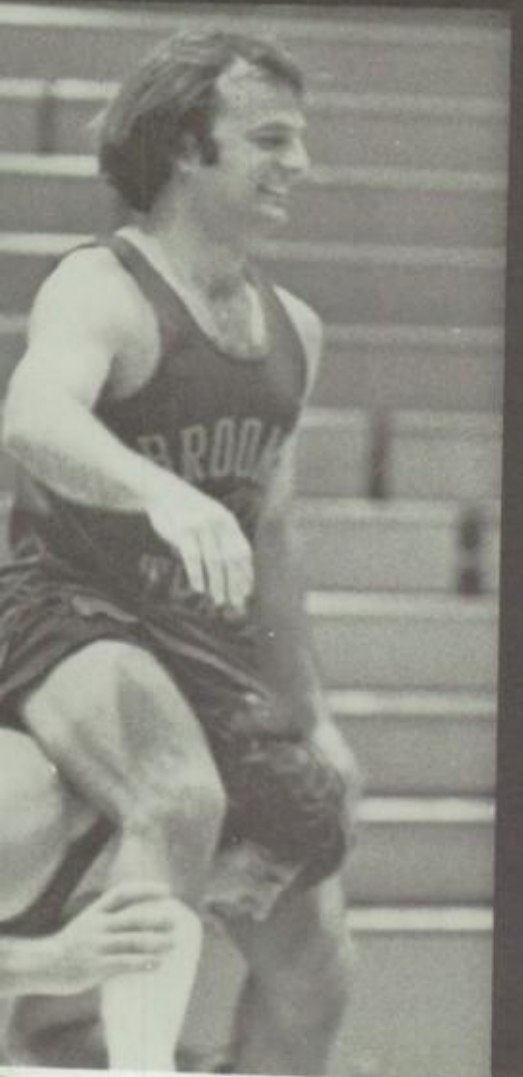

The Math and Science Departments are directed more toward independent studies than the other departments. Math involved student with practical ideas, such as: writing checks, filling out income tax forms, keeping a balanced checkbook — to more analytical problems. Science also went from basic principles of life to complicated theorems and experiments.

Daniel Morgan Vocational Center Teaches Skills

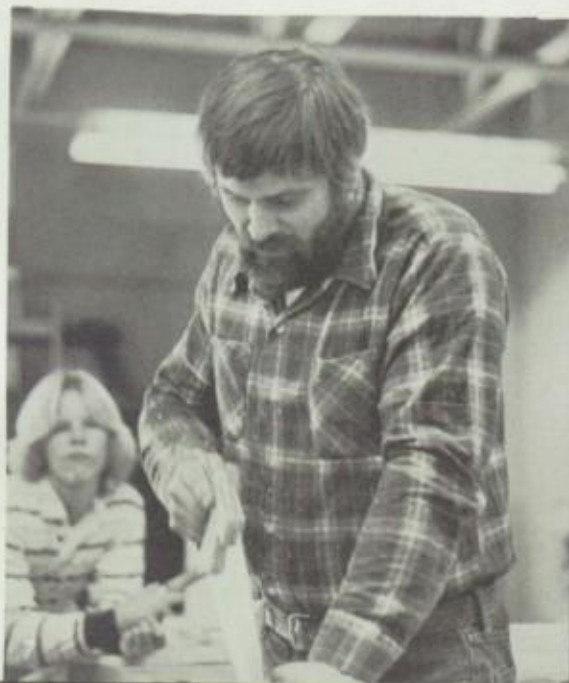

The Daniel Morgan Vocational School is constantly growing. Recently a new building was added to be used by the carpentry department, and in return, the carpentry department built a house to be sold.

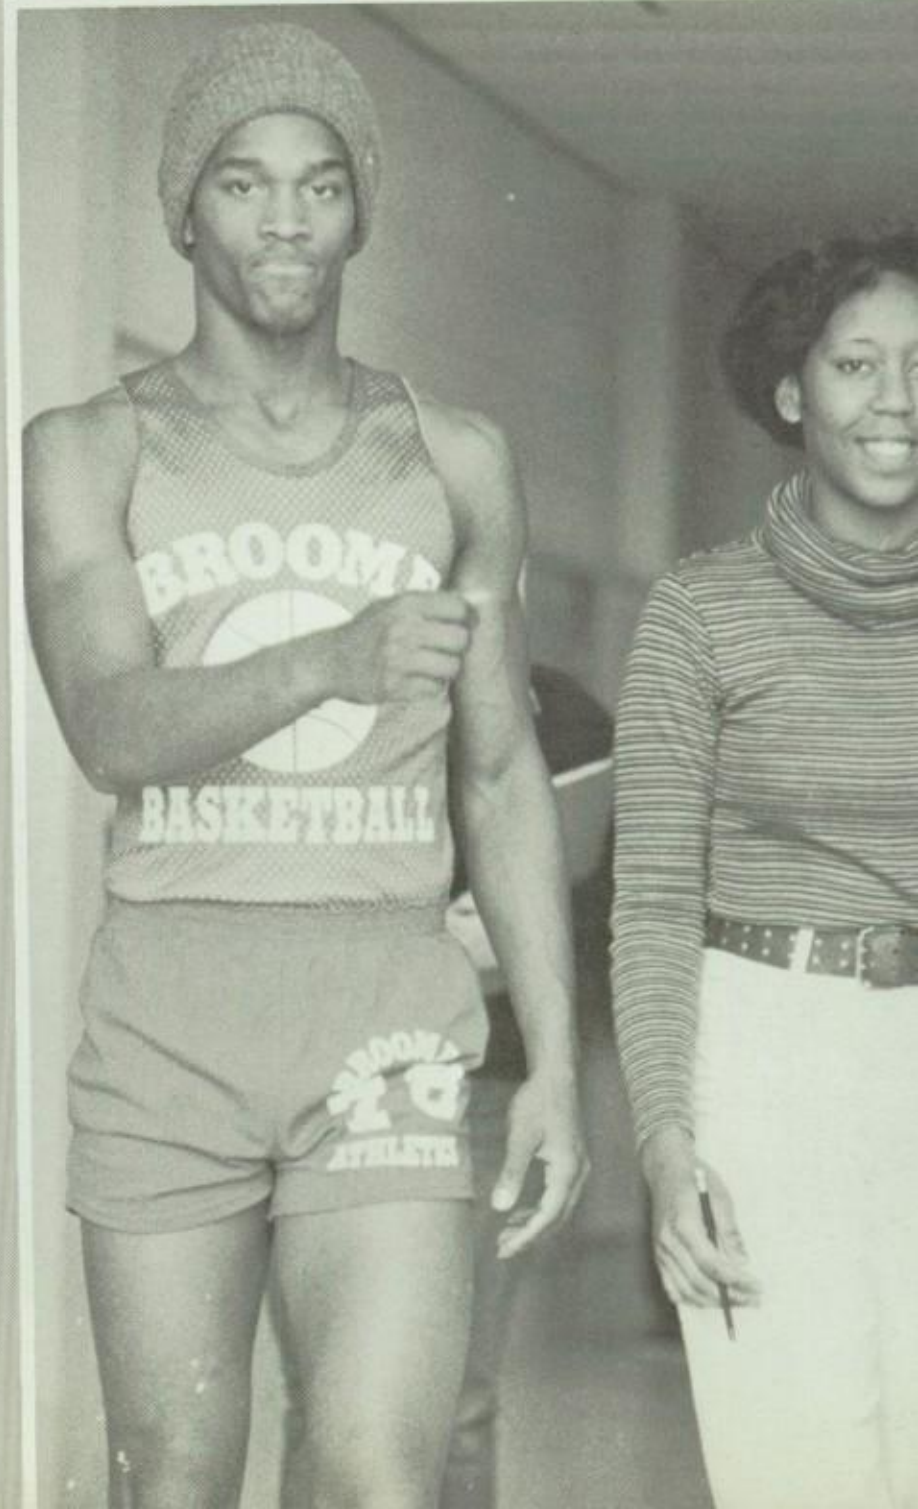

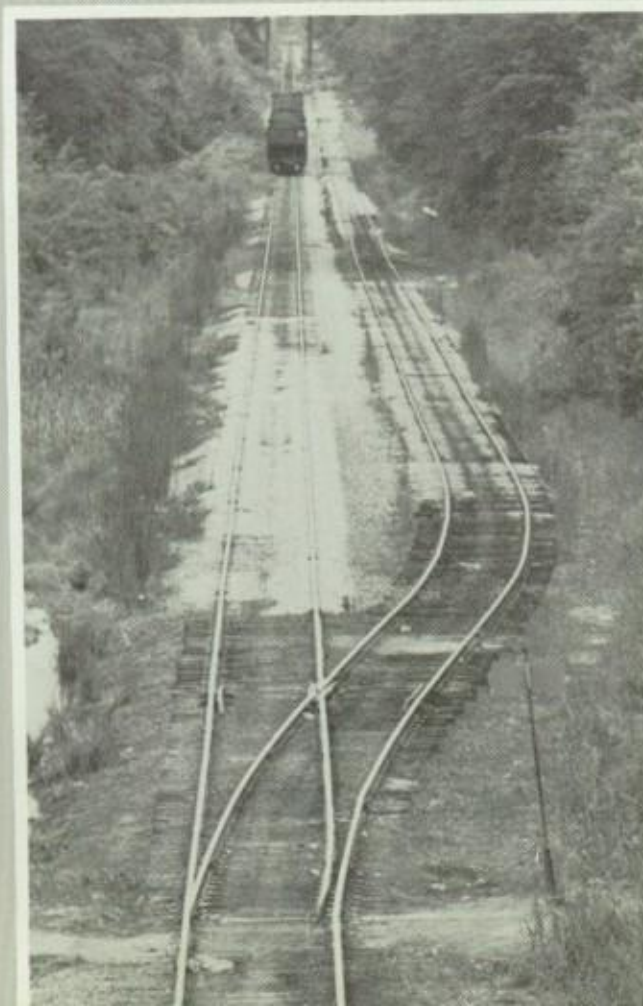

The bus leaves Broome every morning at 8:30 a.m. to take the seniors to vocational school, and at 12:00, juniors leave.

The Vocational School teaches and prepares students for all types of technical jobs. Plants, textile mills, and other businesses have found these vocational students capable in their abilities.

After spending a week in Columbia at the U.S.C. learning about life and publishing a high school newspaper, Bobbie Oglesby, Diana Bryant, Teresa Stephens, Linda Hewitt, and Regina Longshore were ready to begin the year's work.

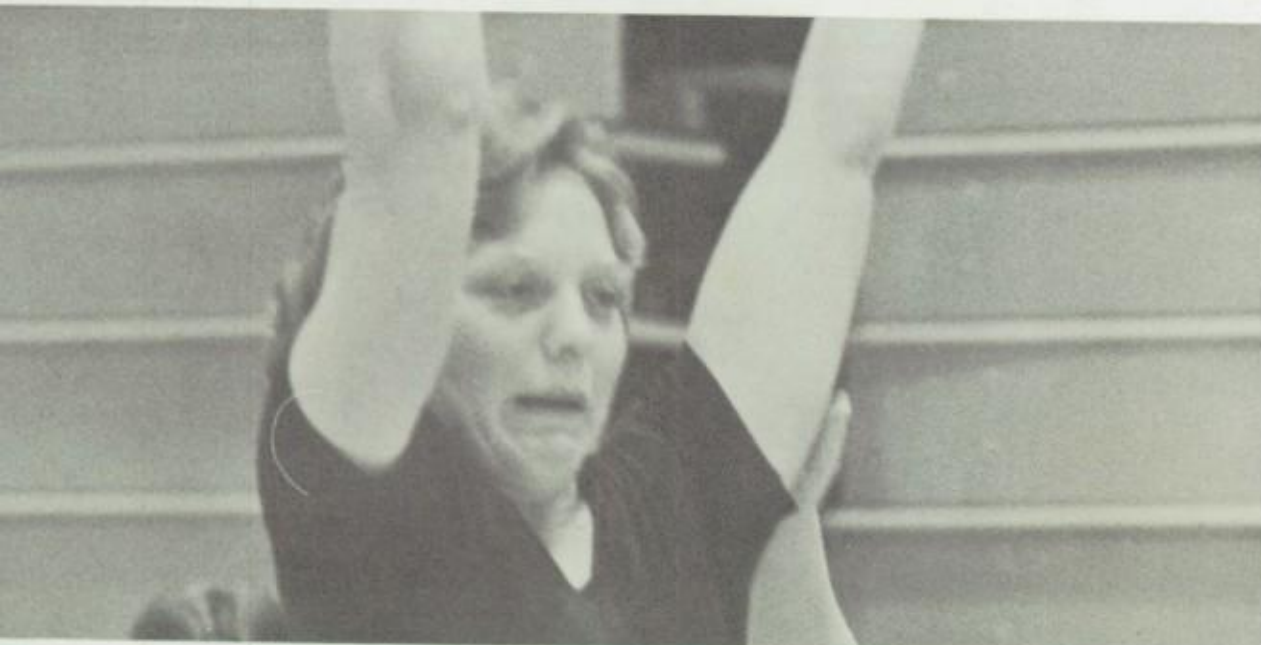

Editor Bobbie Oglesby stated the following, "The Javelin' hopes to promote student awareness. This is the key to student involvement and activity. The 'Javelin' keeps students posted on the coming events each month. The newspaper is willing to serve the students at BHS."

The major goal of the "Javelin" is to be informative and encourage student interest.

The "Javelin" is for the student.

9. Kim Phillips makes her speech at the installation of the Student Government.

The Student Government promoted activities throughout the 1977-78 school year. The biggest event was Homecoming. Student Government officers were hosts to the 1967 graduates from Cowpens and Pacolet. A luncheon was held in their honor, followed by a tour of the school. Spirit chains were also sold during the week, the Friday night after the football game, they sponsored a dance with Park Avenue providing the music.

Other activities of Student Government have been preparing the student handbook, planning the Jr. Sr., opening the canteen and senior lounge, and acting as mediators between students and administration.

Band Plans Exciting Year

Broome High School's Marching Band has had an exciting year. It all started with the hot summer practices to get ready for football season. In the Spring Valley contest, they received a rating of good. Also, during the fall and winter months, the band performed at the Piedmont Interstate Fair, and Westgate Mall. Then, plans began for the band to travel to New Orleans, Louisiana, to play at Mardi Gras. Members sold candles, toboggans, and candy to raise money for the trip.

Our band has certainly worked hard during the 1977-78 school year, and we are proud of them.

It's all over.

CLASSES

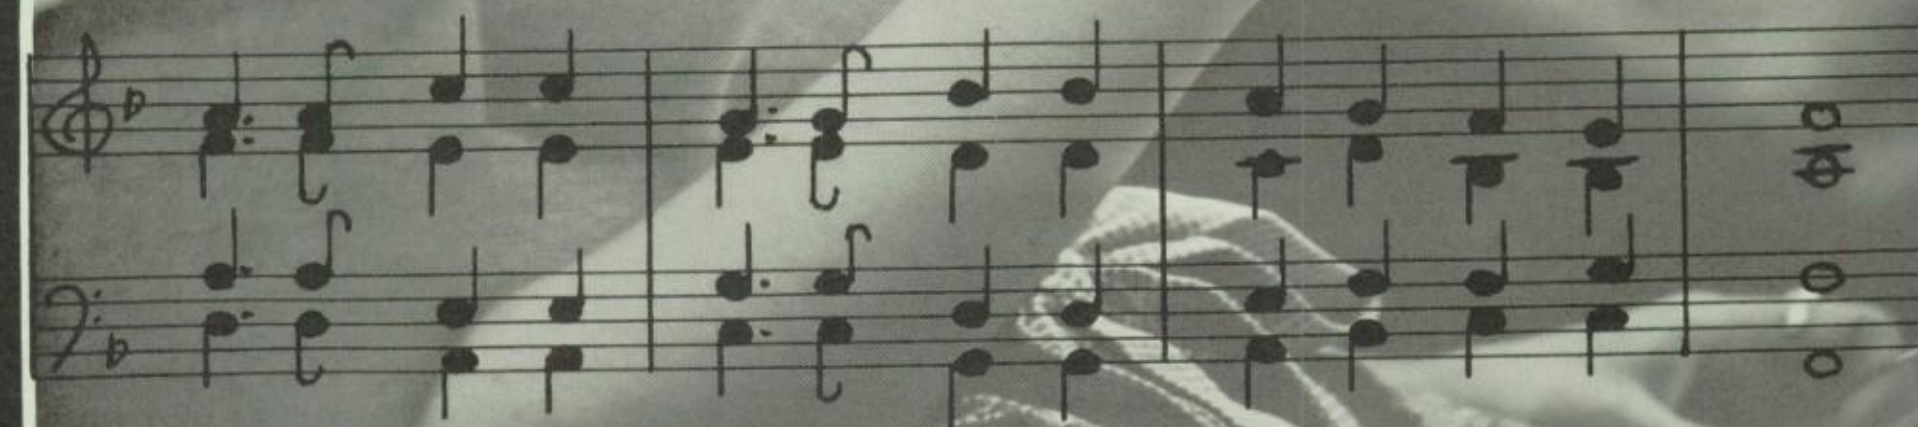

At the foothills of the mountains, 'neath the sky of blue.
When we leave Broome's hallow'd hallways, may we then re-call

Proud-ly stands our Al-ma Mat-er, loyal, brave and true.
The ex-am-ple set be-fore us, learning, truth for all.

Dear Broome High, our Al-ma Mat-er, stand and nev-er fail.

May this ev-er be our mot-to: Con-quer and Pre-vail!

Senior Class

Being a Senior is . . .

Feeling a little sad because it's your last year, but being anxious to get on with your life . . . Gathering each detail of every pep rally, dance, ballgame, and assembly so that you can remember . . . Deciding on colleges and careers, taking test

after test, trying to make the grade . . . Spending two weeks in the library because you misbehaved in the Senior Lounge . . . Marching into assemblies, flashing your class ring at everyone, being special . . . Paying for endless expenses, being broke . . . Sleeping in class, studying Psychology, laughing . . . Realizing it's almost over, trying on caps and gowns, memories . . . Graduating.

Charles Pearson receives his ring from class president, Renita Garrett.

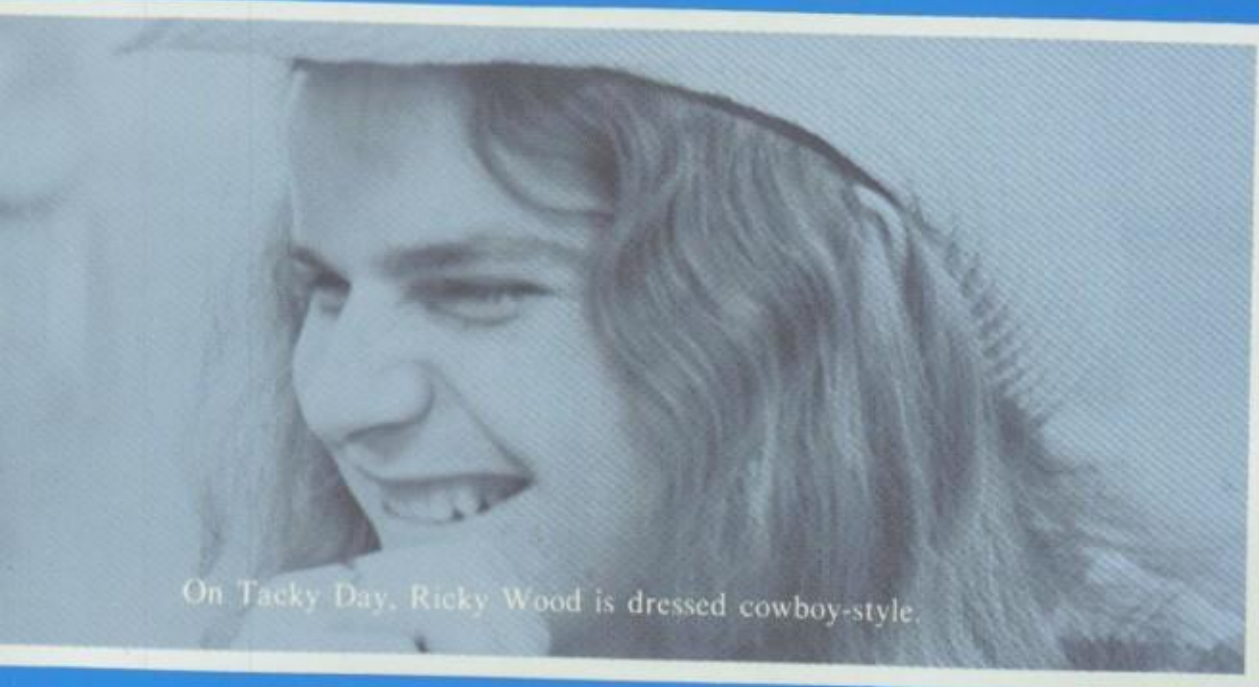

The Broome High Class of '78 surely is unique unto the world. Not every senior class can say they started the tradition of a Jr.-Sr. or that they didn't have to work for one. Has any other class member found a dead man on the side of the road like Charles and Jeri did? We led the school in spirit by winning the first spirit stick and in the powder-puff game with a victory of 12-0. We had our sayings such as "get out of the fog," "fish," "get down," and "fly on it." Our class is one of a kind. Even though we are unique, other classes will have some of the same experiences. Pictures, rings, and college day are traditional experiences for seniors. The most traditional being ring day. After a brief ceremony, we were dismissed for the day, and celebrated by going to the Pizza Inn, Westgate, private parties, and the Beacon.

College Day was held October 7. Many of us began to seriously consider our futures as we talked with representatives and collected material from 51 different colleges and universities.

November signaled time for invitations, keys, memory books, and caps and gowns to be ordered. By November 4, the last football game, we suddenly began to realize our last year was quickly slipping away.

Before we knew it Prom night was here. Being our last prom, it was a special occasion. We partied hardy until the band left, then many made trips to Greenville, the mountains, or their favorite spots. It was a night every senior will remember.

Conclusion . . . GRADUATION. It was hard to believe our high school career was over. Many memories flooded our minds, the parties, ballgames, the note taking in Mrs. Coker's class, trying to stay awake through one of Mr. Crawford's lectures, hearing Mr. Shoneke say over and over, "If indeed it were time for the bell, the bell would be ringing," turning 18 and finally being able to legally buy the beer you had been illegally drinking for the past two years. As some walked away with tears in their eyes, others could be heard saying, "Look out Myrtle Beach, the class of '78 is on its way!"

On Tacky Day, Ricky Wood is dressed cowboy-style.

Will Catch The Sun . . .

I'll catch the sun
and never give it back again.
I'll catch the sun
and keep it for my own.
And in a world where no one understands
I'll take my outstretched hand
and offer it to anyone,
who comes along and tells me
he's in need of love,
in need of hope or maybe just a friend.
Perhaps in time I'll even share my sun
with that new anyone
to whom I gave my hand.

Sophomores Arrive

Arrived at last! Sophomores were burdened with many changes at the beginning of the school year. Many thought that there would never be so many responsibilities entering senior high school.

"Ugh!", could be heard from many of the students as they exclaimed, "the textbooks are harder and there's more homework than ever before."

Homework wasn't the major problem, though. "Sophomores seem to be at the bottom of everything. Juniors and Seniors really try to put us down. However, we are as human as they are and they have been in our place before."

Have you taken your driver's test was the most common question that we asked one another. If you did have your license, it was just go, go, go. Did this ever cause problems with parents! Now we're a little older than last year and a little more mature.

1. Mike Trammell said, "I like this school better than junior high."
2. Debbie Thompson stated, "they offer more subjects to you and you meet more people."
3. Terrial Porter said, "I enjoy communicating with people and having more friends."
4. Todd Phillips stated, "I like Broome, but I think that it is harder than last year."
5. Doug Guyton said, "I don't think that school is as hard as last year and teachers are nice."

After being interviewed, the following sophomores made comments on their new school activities:

Denise Carter said, "you meet alot of people at school and make new friends."

Janice Jonas stated, "I think that the facilities are nice and that classes aren't as hard. She likes having a choice of two different things at lunch."

Being A Sophomore Is

. . .

Being scared that you'll get lost the first day . . . then later when you know your way around, laughing at yourself because you were once scared.

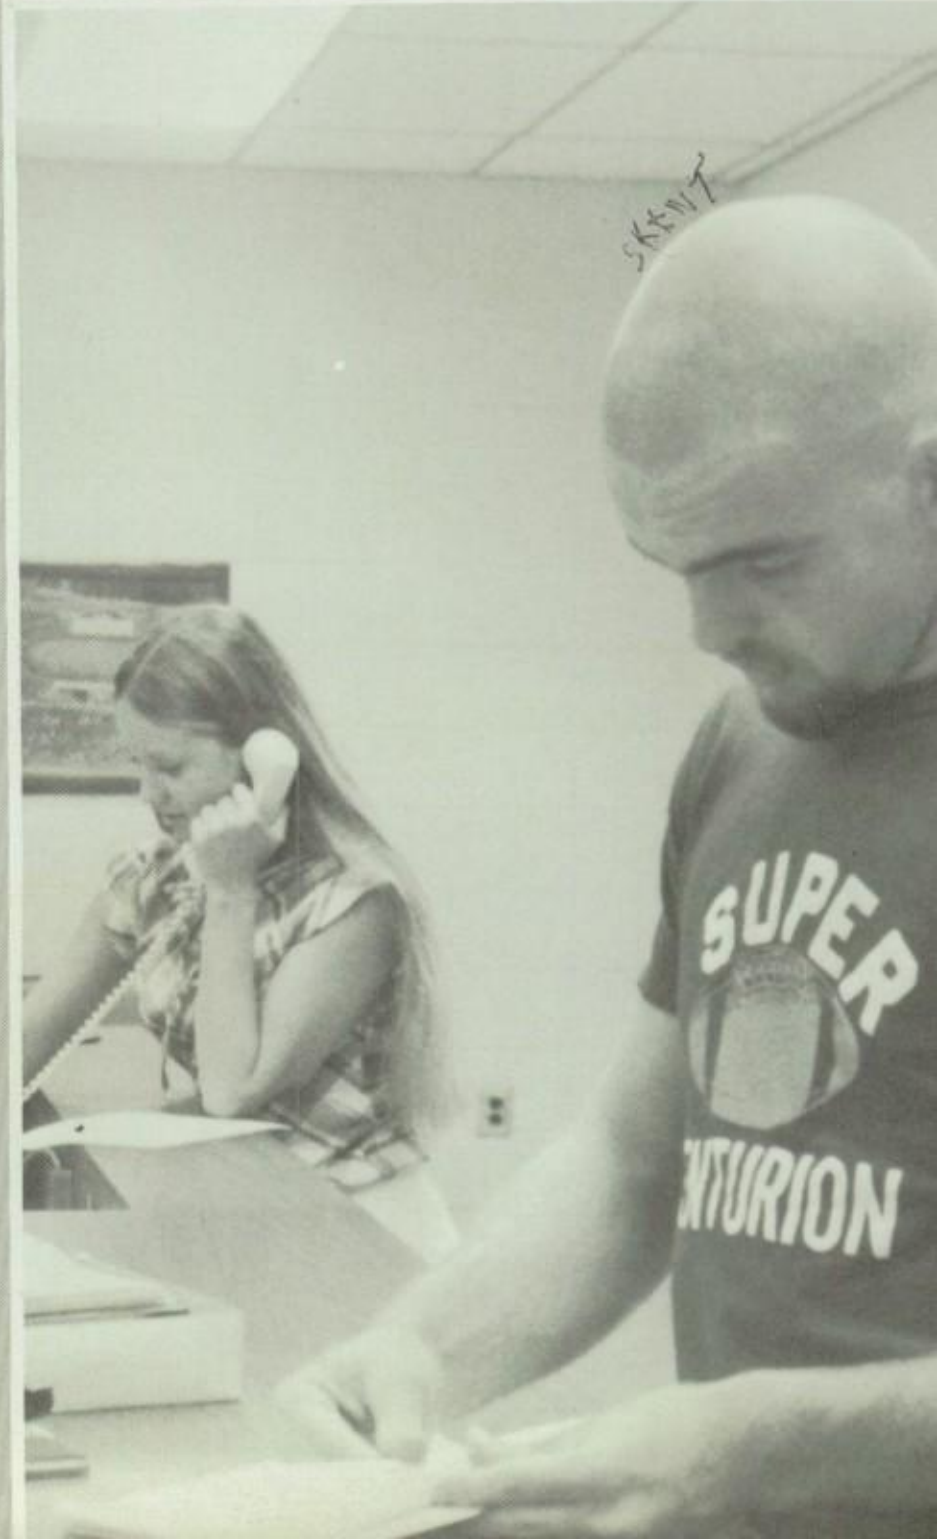

Meeting new people and making new friends. Joining new clubs and having new experiences. Finding out which teachers are easy and which ones to hate.

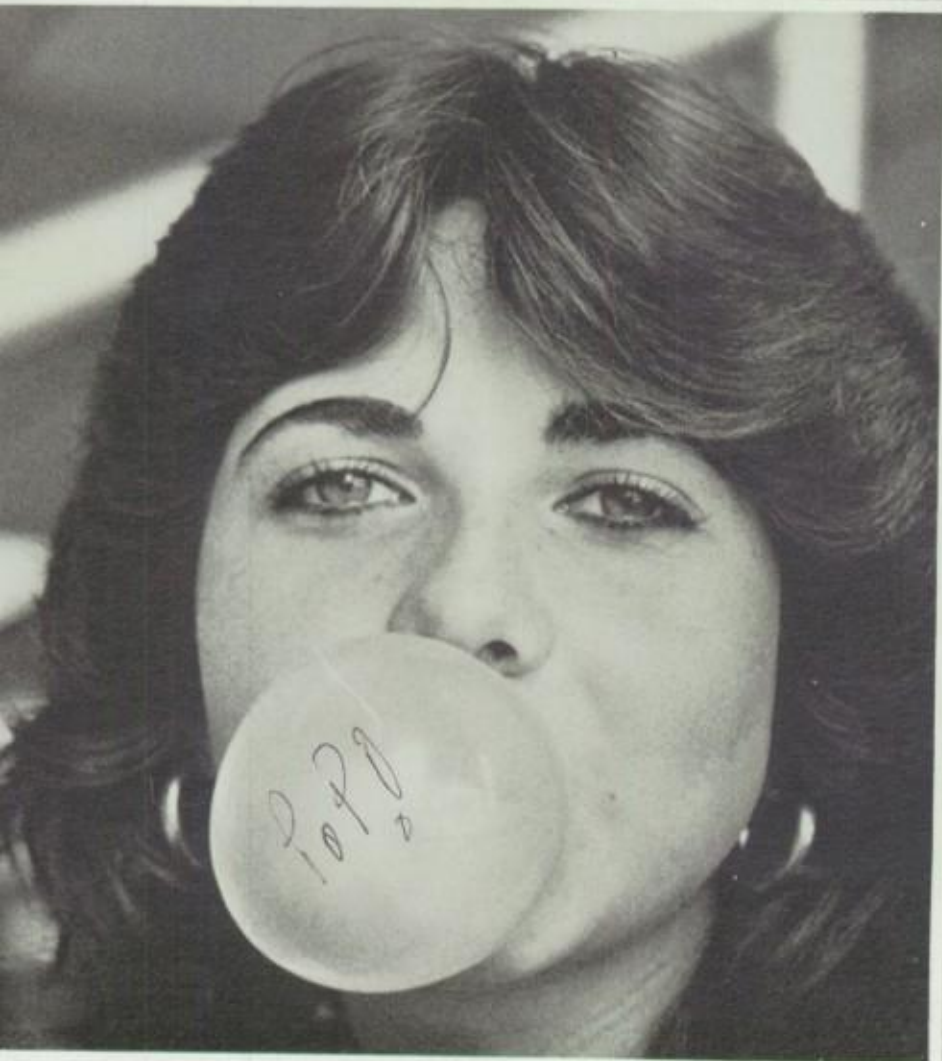

Getting a boyfriend and finding out all the places you can go without getting caught.

Going to ballgames and pep rallies and feeling that now you're really a part of it all. It's feeling superior to all your junior high friends.

— Cherie Ivey
Class of '80

1. Myra Emory, Renee Mullinax, and Jan Dalton enjoy socializing with each other during the back to school dance.
2. Eddie Grasso was one of those who participated in tacky day.

"Did anybody sell an ad to Coca-Cola?"
 "Who's gonna pay for all this gas I've
 been using?"

Contracts, time, money, begging,
 running, lots of talk, pictures,
 logos, people.

"Would you like to put an ad in
 the Broome High School yearbook?"
 "We've only got 150 more to go."

Stores, restaurants, businesses,
 pencils, pens, receipt, checks,
 thank-you's. Movin' on down the
 tracks.

"I'm selling an ad to the Beacon."
 "That's good cause I'm selling the
 one to Cherry Hill Styling Salon."

ADS

Walking from store to store,
 deciding who's gonna ask first,
 forgetting names. Being turned
 down. Yes's, No's, Maybe later . . .

"What has Mrs. Seay been doing
 all this time?" "Don't tell me
 you forgot to bring your car!"

Selling, Selling, Selling.
 Don't talk too fast; Smile.
 Headaches, tired feet, sore
 throats, calling.

"No Sir, not the whole ad's
 section, just one page."

"Yes, Mr. Eubanks, we really
 have been selling ads all summer."

\$3000 dollars . . . I think we
 made it. Don't stop now!
 Everybody work. Please help.
 It's all over.

Students — Buying Power

Money . . . money . . . money — students enjoy spending and merchants enjoy the benefits. Teenagers seem to be snacking constantly. This endless eating is only one way many students spend their money. The after school cokes and Friday night hamburgers quickly add up to a lot of money. Food is not only an enjoyable past time, but it can also be a social factor. Many new friendships have come out of meetings at favorite hangouts.

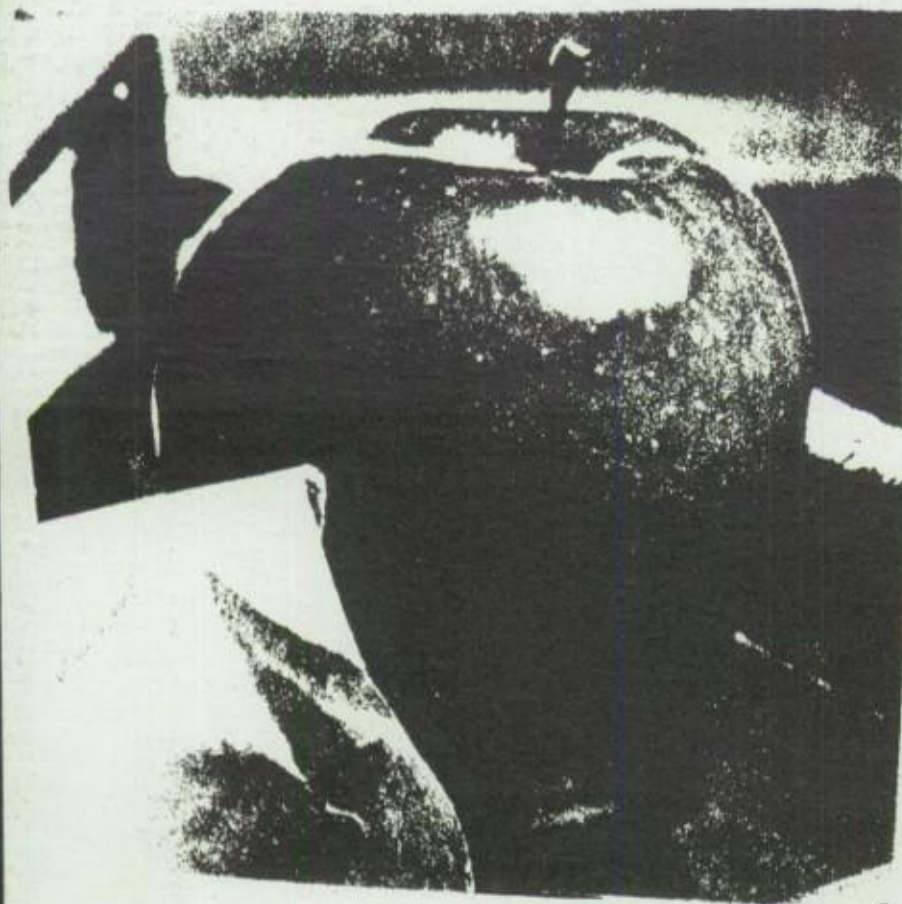

Much to the dismay of parents, special events do come up — pictures, homecoming, and winter ball, Miss Medallion, and prom night — all of which deserve new outfits.

Just how much money do high school students have to spend? A poll was coordinated among our three classes during homeroom. The sophomore class carries with them a total of \$997.74, and the senior class — \$1137.15, over \$3100.00 to spend in a day.

Merchants and businessmen need to note the buying power of the young.

Coke adds to Lynn Cooley's, Mike Bogan's, Tammy Padgett's, and Lisa Seay's lives.

Whenever you find this please don't get mad because I signed your annual again. I just wanted to tell you that I appreciate you being my best friend. We've been through it all together. We've come awful close sometimes of getting in "deep water" (if you know what I mean) (but come how we managed to survive. I thank you for being here when I needed someone to talk to. I guess you got really bored sometimes listening to me run my mouth. But just think, I listened to you run yours. We've had some really great times together and I hope you can have a whole lot more. Don't ever forget the sneak trips to coupons. Now I see that we taking that risk, wasn't worth what we were going to see but at the time it was. Boy, we sure was crazy then. I hope next year we can at least have english and lunch together. I hate the only 2 classes we'll have alike. Sitting here thinking about the past year, and all that we've been through makes me feel sad to know that it's over but we've got next year and all the years to come to raise some hell, we've been through at least 10 different guys a piece this year. It was stupid to think that Dirty could ever love me. I can't remember who you loved, there was so many. I guess it was Bobby or Marty. How could either one of us ever have been that stupid. THREE WISHES

If you could be granted three wishes as a graduation gift, what would they be?

Here's a place to write them down, so you can look back at them in the future and see which ones are still important to you.

Our wish for you is success in whatever occupation you choose.

Medallion Staff Concludes Year

Editor: Toni Trent
 Ass't Editor: Donna Phillips
 Lay-out Editor: Kathy Arthur
 Copy Editor: Donna Phillips
 Typist: Donna Fowler
 Senior Class Editor: Wanda Morgan
 Junior Class Editor: Keilah Wiggins
 Sophomore Class Editor: Donna Phillips
 Sports Editors: Sharon Howard
 Tony Revels
 Ass't Sports Editor: Keilah Wiggins
 Features Editor: Tad Grubbs
 Faculty Editor: Carole Chapman
 Ass't Faculty Editor: Tina Adair
 Student Life Editor: Kathy Arthur
 Ass't Organization Editor: Lisa Holden
 Business Manager: Carole Chapman
 Ass't Business Manager: Tina Adair
 Ads Editor: Susan Seay
 Index Editor: Susan Seay

1. Tina Adair stated, "Well, what can I say? It was fun."
2. Susan Seay said, "All the selling of ads and trying to do everything right was worth it to see the excellence of the '77-'78 Medallion."
3. Toni Trent stated, "Although we were slow, everyone worked hard and produced quality material. I hope that everyone enjoys Movin' on down the tracks as much as we did."
4. Medallion Staff
5. Advisor — Pam Seay stated, "We were slow, slow, slow, but everyone wanted to do his best. The arguments between staff members, the pushing that an advisor has to do, and the hysterical fits of an editor are all part of yearbooking. It's good — the product of many not just one."
6. Carole Chapman said, "This place is a trip."
7. Tad Grubbs stated, "Yearbook is like a freeway, you stand in the middle of the room and get plastered by a human mac-truck."
8. Wanda Morgan said, "Mrs. Seay, I've done that lay-out 10 times already, okay, let's make it 11."
9. Donna Phillips stated, "It has been an experience being on the Medallion Staff and I have enjoyed it. Good Luck to next years staff."

10. Keilah Wiggins said, "I hope the future staff members find such wonderful people to work with as the '78 staff. I'm looking forward to next year."
11. Donna Fowler stated, "Typing copy wasn't hard, it was the people standing over me that was hard to handle."
12. Kathy Arthur said, "Good Luck to the '79"
13. Lisa Holden stated, "I've had a great time and to the '78-'79 staff — Be Good — next years Good Luck."
14. Tony Revels said, "It was a pain."
15. Sharon Howard said, "You never know what is involved until you are on the staff."

Sitting quietly,
Awaiting movement.
We anticipate the journey ahead.
Wheels grind against our minds.
We come to the station for but
a moment —
Each from his own walk of life.
Time we spend together,
Enlightens us.
We are as one —
Experiencing life, growing —
a little, wiser.
Trying desperately,
To block from our minds,
Realizations — we will be separated —
to reach our destinations.
Movin' on down the tracks.

Miriam
It's been fun
knowing you this
year I have had
few thanks to you
this year I hope
to see you next
year hope to
stay friends with
you for now
Love always
David

Miriam
What can I say
we've had some good
times in November &
health. You had better
be good this summer
a don't party too
much but have
fun. Okay
Sweet A.F.A.

P/S. Hope to
see you
the summer
& next year.

a doofus
 hope that you
 get the best out
 of life and as just
 wanted to tell you
 that you are a great
 friend, remember lunch
 and the time you and
 Barbie were play fighting
 Boy that was funny
 Remember me always
 Denise Rogers
 @. Remember the little
 dog.

Miriam
 To a nice girl and
 a cool friend good luck
 in the future be sure
 just like always and be
 cool and stay cool
 Boo

you are a very good
 friend and I hope ~~you~~
 will always be friends.
 love Mike

Merce, It's been
 a year! Hey! I had
 a fun & last
 year. You had
 We didn't have
 any classes
 together, I
 maybe
 will see
 you!
 A.F.A.
 Jen

Miriam I've
 it has been
 nice knowing
 you. You are
 the best of
 friends. I
 hope you will
 be always. A.F.A.
 Jimmy
 Tucker

Miriam,
 It's been fun having
 you in my class, even
 if you do act like a bully
 sometimes, (I'm just kidding)
 Good luck always,
 A.F.A.
 Paula

Miriam
 This has been a year
 to remember in Mr. Rodgers
 room with the section survey's
 and ten page reports but
 it has been fun knowing you
 Good Luck next year.
 Tony

Miriam,
 I've had fun
 having you. Have
 a good summer and
 see you next year.
 Cindy Brindle

Jeff Parsons

Chinehart,

What can I say but that its been great know
you for the past 4 years. Its so great having a sister
like you. We've been through it all together, when the
bad times seem like they were so fun. I'll never forget
the time we climbed out the window of the library.
We'll have to try again before we graduate and all the
time we won't get caught. Thanks for letting me borrow
so much money. I guess I owe you a million. Don't
forget the football games. Boy, we sure were wild then
Especially me and Dirty. Well thats in the past and
Lawn is the future. When you get old and gray, you
can't get this annual out and remember me. You see, I'm
the only thing worth remembering. (just kidding). Well I
guess I have wrote enough for now. Please don't ever
forget the rotten lunches that we paid \$5.00 for, the
times we were on diets, doing bad things, and mostly
just being friends. I'll always consider you as a
sister and I'll never forget you. May we always
remain sisters even after we graduate and get
married and have a lot of snotty nose kids. Well,
to the greatest person and friend.

A-F-A

P.S. Thanks for not being
afraid and riding with
me every now and then.
Don't forget Rotten-Box,
our best friend.

May God Bless you,
Claire (Connor)

Rhinehart.

It been fun knowing you.
You are a good friend, I hope
to have you as one of my close
next year. I love & good summer
don't get to see or you will be
sorry.

Love
Arlene

Miriam,
I have enjoyed
knowing you all these
years. I don't think I
could have made it
through 2nd period with
you being in here to
keep things up. Good
luck in all you do.
A.F.A.
To Miriam
Claire

mine part,
that's open on?
how's your life. you've
been a great friend to me
in the past few years that I've
known you. you are a sweet and
very nice girl. And I hope you'll
always stay that way. Keep it down
and keep it cool. Friends forever,
Love ya.
Lynn Phillips

Wish I was
with you
you're
the best
the future J. H.

miriam,
it's been nice
knowing you for
the last few years. a
even if you did get a
couple of frogs on my
leg. Good luck in
the future
Bye Bye
Easter

miriam,
it's been
nice knowing
you and going to
school with you
this year. Best of
luck in the future
Love
Pam Fleming

miriam
you are a
very sweet
girl and stay
very cool and
out of trouble this summer
Emin Coggins

miriam,
you're a crazy and sweet
girl to know. I've had
a lot of good times
Especially talking about
one certain person.
Take Care + Good Luck
